

Section 1: 10-Q (10-Q)

UNITED STATES SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2017 or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number 1-37556

Stericycle, Inc.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of incorporation or organization)

36-3640402

(IRS Employer Identification Number)

28161 North Keith Drive

Lake Forest, Illinois 60045

(Address of principal executive offices, including zip code)

(847) 367-5910

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15 (d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file reports), and (2) has been subject to such filing requirements for the past 90 days.

YES NO

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

YES NO

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definition of "accelerated filer", "large accelerated filer", "smaller reporting company", and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Emerging Growth Company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Exchange Act Rule 12b-2 of the Exchange Act). YES NO

On May 4, 2017, there were 85,268,109 shares of the Registrant's Common Stock outstanding.

STERICYCLE, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Unless the context requires otherwise, "the Company", "we," "us" or "our" refers to Stericycle, Inc. and its subsidiaries on a consolidated basis.

NOTE 1 — BASIS OF PRESENTATION

The accompanying condensed consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in annual consolidated financial statements prepared in accordance with United States Generally Accepted Accounting Principles ("U.S. GAAP") have been condensed or omitted pursuant to such rules and regulations. However, the Company believes the disclosures included in the accompanying condensed consolidated financial statements are adequate to make the information presented not misleading. In our opinion, all adjustments necessary for a fair presentation for the periods presented have been reflected and are of a normal recurring nature. These condensed consolidated financial statements should be read in conjunction with the Stericycle, Inc. and Subsidiaries consolidated financial statements and notes thereto, as filed with our Annual Report on Form 10-K for the year ended December 31, 2016. The results of operations for the three months ended March 31, 2017 are not necessarily indicative of the results that may be achieved for the entire year ending December 31, 2017.

There were no material changes in the Company's significant accounting policies since the filing of its 2016 Form 10-K. As discussed in the 2016 Form 10-K, the preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the amount of reported assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and revenues and expenses during the periods reported. Actual results may differ from those estimates.

Certain amounts in previously issued financial statements have been reclassified to conform to the current period presentation.

During the three months ended March 31, 2017, we presented certain rent, utility and depreciation expenses in cost of revenues that had historically been recorded in selling, general and administrative expense ("SG&A"). We have reclassified \$2.6 million of which \$1.4 million was for rent and utility expenses and \$1.2 million was for depreciation expenses from SG&A to cost of revenues for the three months ended March 31, 2016 to conform to the current period presentation.

NOTE 2 – NEW ACCOUNTING STANDARDS

Adoption of New Accounting Standards

Intangibles – Goodwill and Other – Simplifying the Test for Goodwill Impairment

Effective January 1, 2017, the Company early adopted the guidance in Accounting Standards Update ("ASU") 2017-04, "*Intangibles – Goodwill and Other (Topic 350) – Simplifying the Test for Goodwill Impairment*." This ASU eliminates Step 2 of the goodwill impairment test and requires a goodwill impairment to be measured as the amount by which a reporting unit's carrying amount exceeds its fair value, not to exceed the carrying amount of its goodwill. The adoption of this standard did not have a material impact on our financial statements.

Statement of Cash Flows

Effective January 1, 2017, the Company early adopted the guidance in ASU No. 2016-15 "Statement of Cash Flows" (Topic 230). This ASU clarifies diversity in practice on where in the Statement of Cash Flows to recognize certain transactions, including the classification of payment of contingent consideration for acquisitions between Financing and Operating activities. Based on the results of the Company's analysis, there is no impact on our financial statements, as our treatment of the relevant affected items within the Condensed Consolidated Statement of Cash Flows is consistent with the requirements of this guidance.

Accounting Standards Issued But Not Yet Adopted

Revenue From Contracts With Customers

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers" (Topic 606), guidance to provide a single and comprehensive revenue recognition model for all contracts with customers. The revenue guidance contains principles that an entity will apply to determine the measurement of revenue and timing of when it is recognized. The underlying principle is that an entity will recognize revenue to depict the transfer of goods or services to customers at an amount that the entity expects to be entitled to in exchange for those goods or services. The amended authoritative guidance associated with revenue recognition is effective for the Company on January 1, 2018. The Company currently anticipates adopting this ASU using the modified retrospective method. While the Company continues to evaluate the impacts of this ASU on our condensed consolidated financial statements, the Company currently expects that contract acquisition costs of obtaining revenue generating contracts, such as sales commissions paid in connection with multi-year service contracts, will be capitalized and amortized over the economic life of the contracts. Under the current guidance, the Company expenses such costs when incurred. The Company has engaged a third party service provider to assist us in our review of implementing the new revenue recognition standard. As the Company completes its evaluation of this new standard, new information may arise that could change the Company's current understanding of the impact to revenue and expense recognition. Additionally, the Company will continue to monitor industry activities and any additional guidance provided by regulators, standards setters, or the accounting profession to adjust the Company's assessment and implementation plans accordingly.

Leases

In February 2016, the FASB issued ASU No. 2016-02, "Leases" (Topic 842). This guidance will require lessees to record a right-of-use asset and lease liability on the balance sheet for all leases with terms of more than 12 months. Recognition, measurement and presentation of expenses will depend on classification as a finance or operating lease. This ASU also requires certain quantitative and qualitative disclosures. Accounting guidance for lessors is largely unchanged. The guidance should be applied on a modified retrospective basis. ASU 2016-02 is effective for us beginning January 1, 2019. The Company will engage a third party service provider to assist us in our review of implementing the new leases standard. We are evaluating the impact that the adoption of ASU 2016-02 will have on our consolidated financial statements and related disclosures.

Intra-Entity Transfers of Assets Other Than Inventory

In October 2016, the FASB issued ASU No. 2016-16, "Intra-Entity Transfers of Assets Other Than Inventory." This guidance requires the income tax consequences of an intra-entity transfer of an asset other than inventory to be recognized when the transfer occurs, instead of when the asset is sold to an outside party. The guidance is effective for annual reporting periods beginning after December 15, 2017, including interim reporting periods within those annual reporting periods, with early adoption permitted. We do not expect the adoption to have a material impact on our financial statements.

NOTE 3 – ACQUISITIONS, DIVESTITURES, AND ASSETS HELD FOR SALE

Acquisitions

During the three months ended March 31, 2017, we completed thirteen acquisitions.

Domestically and in Canada, we acquired 100% of the stock of one and selected assets and liabilities of seven secure information destruction businesses, and one communication services business.

Internationally (exclusive of Canada), we acquired selected assets and liabilities of one regulated waste business and one secure information destruction business in the Netherlands. We also acquired 100% of the stock of one regulated waste business in Portugal and one regulated waste business in Spain.

The acquisitions were all considered to be business combinations.

The following table summarizes the locations of our acquisitions for the three months ended March 31, 2017:

Acquisition Locations	2017
United States	8
Canada	1
Netherlands	2
Portugal	1
Spain	1
Total	13

The following table summarizes the acquisition date fair value of consideration transferred for the current period acquisitions and the adjustments to the consideration transferred for prior year acquisitions during the three months ended March 31, 2017:

In thousands

	Three Months Ended March 31, 2017		
	Current Period Acquisitions	Adjustments to Prior Year Acquisitions	Total
Cash	\$ 16,833	\$ 38	\$ 16,871
Promissory notes	13,104	(213)	12,891
Deferred consideration	1,001	—	1,001
Contingent consideration	53	—	53
Total purchase price	\$ 30,991	\$ (175)	\$ 30,816

For financial reporting purposes, our acquisitions were accounted for using the acquisition method of accounting. These acquisitions resulted in the recognition of goodwill in our financial statements reflecting the premium paid to acquire businesses that we believe are complementary to our existing operations and fit our growth strategy. During the three months ended March 31, 2017, we recognized an increase in goodwill of \$19.1 million related to current period acquisitions, excluding the effect of foreign currency translation. Approximately \$16.9 million of the goodwill recognized from current period acquisitions will be deductible for income taxes.

During the three months ended March 31, 2017, we recognized an increase of \$11.5 million in the estimated fair value of acquired customer relationships for the current period acquisitions, excluding the effect of foreign currency translation, with amortizable lives of 10 to 20 years.

The fair value of consideration transferred in a business combination is allocated to the tangible and intangible assets assumed at the acquisition date, with the remaining unallocated amount recorded as goodwill. The allocations of the acquisition price for recent acquisitions have been prepared on a preliminary basis, pending completion of certain intangible asset valuations and finalization of the respective opening balance sheets. The

following table summarizes the preliminary purchase price allocation for current period acquisitions and various adjustments to our prior year acquisitions during the three months ended March 31, 2017:

In thousands

	Three Months Ended March 31, 2017		
	Current Period Acquisitions	Adjustments to Prior Year Acquisitions	Total
Fixed assets	\$ 517	\$ (675)	\$ (158)
Intangibles	11,515	2,124	13,639
Goodwill	19,107	(216)	18,891
Net other assets/(liabilities)	166	(10)	156
Net deferred tax liabilities	(314)	(1,398)	(1,712)
Total purchase price allocation	<u>\$ 30,991</u>	<u>\$ (175)</u>	<u>\$ 30,816</u>

During the three months ended March 31, 2017 and 2016, the Company incurred \$19.8 million and \$22.3 million, respectively, of acquisition and integration expenses related to acquiring new businesses. Acquisition-related costs are costs the Company incurs to effect a business combination such as due diligence and legal expenses, costs of maintaining an internal acquisitions department, direct travel expense related to acquisitions, government fees, and environmental studies. Integration-related costs are costs the Company incurs after an acquisition is completed to integrate the acquired business' operations with the Company and include, for example, integration of our sales and collection processes and systems to support those efforts, rebranding to the Company's name, severance expense related to personnel redundancies, and other. These expenses are included within SG&A in the Condensed Consolidated Statements of Income. The results of operations of these acquired businesses have been included in the Condensed Consolidated Statements of Income from the date of the acquisition. Pro forma results of operations for these acquisitions are not presented because the pro forma effects, individually or in the aggregate, were not material to the Company's results of operations.

Divestitures

There were no divestitures during the three months ended March 31, 2017 and 2016.

Assets and Liabilities Held for Sale

As of March 31, 2017, we have certain of our international operations classified as held for sale. No material changes to the fair value of these assets and liabilities held for sale were recorded during the three months ended March 31, 2017. Fair value of these assets and liabilities held for sale is subject to changes in estimates as a result of evolving market conditions, negotiations, and other matters. The assets and liabilities of the disposal groups are presented in Assets held for sale and Liabilities held for sale in the Condensed Consolidated Balance Sheet.

The following table presents information related to the major classes of assets and liabilities that were classified as held for sale in the Condensed Consolidated Balance Sheet at March 31, 2017:

In thousands	
Accounts receivable	\$ 2,756
Inventory	226
Prepaid expenses	284
Fixed assets	5,189
Goodwill	63
Intangibles	765
Other assets	345
Assets held for sale	<u>\$ 9,628</u>
Current portion of long-term debt	\$ 1,010
Accounts payable	984
Accrued liabilities	843
Other current liabilities	1
Deferred income taxes	334
Liabilities held for sale	<u>\$ 3,172</u>

NOTE 4 – RESTRUCTURING, CONTRACT EXIT AND PLANT CONVERSION EXPENSES

During the first quarter of 2017, management began executing a realignment of our operations to reduce labor redundancies and facility costs in our Latin American countries. Various operating locations, primarily in Brazil, have been consolidated to increase efficiency while reducing headcount. For the three months ended March 31, 2017, the Company recorded \$0.6 million of restructuring expenses, mostly related to severance, which are reflected as part of SG&A in our Condensed Consolidated Statements of Income. The recorded restructuring liabilities are expected to be paid within the current year. While the Company believes the recorded restructuring liabilities are adequate, revisions to current estimates may be recorded in future periods based on new information as it becomes available. There could be additional initiatives in the future to further streamline our operations. As such, the Company expects further expenses related to workforce reductions and other facility rationalization costs when those restructuring plans are finalized and related expenses are estimable.

For the three months ended March 31, 2017, the Company recorded \$1.4 million of expenses to exit certain of our patient transportation services contracts in the UK which are reflected as part of SG&A in our Condensed Consolidated Statements of Income.

For the three months ended March 31, 2017, the Company recorded \$0.9 million of plant conversion expenses for the impairment of an operating permit and other costs due to rationalizing our operations which are reflected as part of SG&A in our Condensed Consolidated Statements of Income.

NOTE 5 – INCOME TAXES

We file income tax returns in the U.S., in various states and in certain foreign jurisdictions.

The Company has recorded liabilities to cover certain uncertain tax positions. Such uncertain tax positions relate to additional taxes that the Company may be required to pay in various tax jurisdictions. During the course of examinations by various taxing authorities, proposed adjustments may be asserted. The Company evaluates such items on a case-by-case basis and adjusts the liability for uncertain tax positions as deemed necessary. During the three months ended March 31, 2017, we released uncertain tax positions (“UTPs”) in the amount of \$1.2 million and there were no other material changes to our liabilities related to previous or current UTPs. The effective tax

rates for the three months ended March 31, 2017 and 2016 were 34.7% and 32.9%, respectively. The increase in the current period tax rate, when compared to the prior year, is primarily related to higher discrete tax benefits recognized in 2016, as well as a higher proportion of pre-tax income in 2017 in the United States which has a higher statutory tax rate, compared to international operations.

NOTE 6 – STOCK-BASED COMPENSATION

At March 31, 2017, we had the following incentive stock plans:

- the 2014 Incentive Stock Plan, which our stockholders approved in May 2014;
- the 2011 Incentive Stock Plan, which our stockholders approved in May 2011;
- the 2008 Incentive Stock Plan, which our stockholders approved in May 2008;
- the 2005 Incentive Stock Plan, which our stockholders approved in April 2005;
- the 2000 Non-statutory Stock Option Plan, which expired in February 2010;
- the Employee Stock Purchase Plan ("ESPP"), which our stockholders approved in May 2001.

Stock Based Compensation Expense:

The following table presents the total stock-based compensation expense resulting from stock option awards, restricted stock units ("RSUs"), performance-based restricted stock units ("PSUs"), and the ESPP included in the Condensed Consolidated Statements of Income:

In thousands	Three Months March 31,	
	2017	2016
Cost of revenues - stock option plan	\$ 13	\$ 15
Selling, general and administrative - stock option plan	4,080	4,752
Selling, general and administrative - RSUs	1,401	559
Selling, general and administrative - PSUs	188	—
Selling, general and administrative - ESPP	317	779
Total pre-tax expense	\$ 5,999	\$ 6,105

Stock Options:

Options granted to directors vest in one year and options granted to officers and employees generally vest over five years. Expense related to options with graded vesting is recognized using the straight-line method over the vesting period. Stock option activity for the three months ended March 31, 2017, is summarized as follows:

	Number of Options	Weighted Average Exercise Price per Share	Weighted Average Remaining Contractual Life (in years)	Total Aggregate Intrinsic Value (in thousands)
Outstanding as of January 1, 2017	5,468,732	\$ 96.90		
Granted	425,599	83.19		
Exercised	(90,856)	48.52		
Forfeited	(35,755)	113.59		
Cancelled or expired	(44,687)	98.31		
Outstanding as of March 31, 2017	5,723,033	\$ 96.53	5.28	\$ 27,811
Exercisable as of March 31, 2017	3,598,309	\$ 89.19	4.52	\$ 27,740

At March 31, 2017, there was \$41.2 million of total unrecognized compensation expense related to stock options, which is expected to be recognized over a weighted average period of 3.30 years.

The following table sets forth the intrinsic value of options exercised for the three months ended March 31:

In thousands

	Three Months Ended March 31,	
	2017	2016
Total intrinsic value of options exercised	\$ 2,908	\$ 13,229

The intrinsic value represents the total pre-tax intrinsic value (the difference between the fair value on the trading day the option was exercised and the exercise price associated with the respective option).

The Company uses historical data to estimate expected life and volatility. The estimated fair value of stock options at the time of the grant using the Black-Scholes option pricing model was as follows:

	Three Months Ended March 31,	
	2017	2016
Stock options granted (shares)	425,599	1,008,569
Weighted average fair value at grant date	\$ 19.53	\$ 20.19
Assumptions:		
Expected term (in years)	4.82	4.76
Expected volatility	22.66%	18.02%
Expected dividend yield	—%	—%
Risk free interest rate	1.91%	1.26%

Restricted Stock Units:

The fair value of RSUs is based on the closing price of the Company's common stock on the date of grant and is amortized to expense over the service period. Our 2008, 2011 and 2014 Plans include a share reserve related to RSUs granted at a 2-1 ratio.

A summary of our RSU activity during the three months ended March 31, 2017, is as follows:

	Number of Units	Weighted Average Grant Date Fair Value	Weighted Average Remaining Contractual Life	Total Aggregate Intrinsic Value
Outstanding as of January 1, 2017	114,838	\$ 104.22		
Granted	183,940	83.24		
Vested and released	(30,000)	76.87		
Forfeited	(1,627)	110.46		
Outstanding as of March 31, 2017	267,151	\$ 92.68	2.56	\$ 24,760

At March 31, 2017, there was \$24.0 million of total unrecognized compensation expense related to RSUs, which is expected to be recognized over a weighted average period of 4.08 years.

Performance-Based Restricted Stock Units:

In February 2017 under the incentive stock plan, our executive officers were granted PSUs. PSUs vest, or not, in three equal annual installments based on the achievement of pre-determined annual earnings per share performance goals as approved by the Compensation Committee. Each of the units granted represent the right to receive one share of the Company's common stock at a specified future date. The maximum number of common shares issuable upon vesting of these PSUs under the first installment is 10,348 shares. The grant date fair value was \$83.35 per share and the total grant date fair value of the shares for which the performance conditions are expected to be met for 2017 was \$0.9 million.

NOTE 7 – PREFERRED STOCK

At March 31, 2017, we had 1,000,000 authorized shares of preferred stock and 711,930 shares issued and outstanding of mandatory convertible preferred stock.

Series A Mandatory Convertible Preferred Stock Offering: On September 15, 2015, we completed a registered public offering of 7,700,000 depository shares, each representing a 1/10th interest in a share of our 5.25% Series A mandatory convertible preferred stock, par value \$0.01 per share (the "Series A Preferred Stock"), at a public offering price of \$100.00 per depository share for total gross proceeds of \$770.0 million.

Unless earlier converted or redeemed, each share of the Series A Preferred Stock will automatically convert into between 5.8716 and 7.3394 shares of our common stock, subject to anti-dilution and other adjustments, on the mandatory conversion date, which is expected to be September 15, 2018. The number of shares of our common stock issuable on conversion will be determined based on the volume-weighted average price of our common stock over the 20 trading day period commencing on and including the 23rd scheduled trading day prior to September 15, 2018. Subject to certain restrictions, at any time prior to September 15, 2018, holders of the Series A Preferred Stock may elect to convert all or a portion of their shares into common stock at the minimum conversion rate of 5.8716 shares of common stock per share of Series A Preferred Stock, subject to adjustment.

Dividends on shares of the Series A Preferred Stock are payable on a cumulative basis when, as and if declared by our board of directors, or an authorized committee thereof, at an annual rate of 5.25% on the liquidation preference of \$1,000 per share (and, correspondingly, \$100.00 per share with respect to the depository shares). The dividends may be payable in cash, or subject to certain limitations, in shares of our common stock, or any combination of cash and shares of our common stock, on March 15, June 15, September 15 and December 15 of each year, commencing on December 15, 2015, and to, and including, September 15, 2018.

We declared and paid dividends of \$9.4 million and \$10.1 million to the preferred stock shareholders during the three months ended March 31, 2017 and 2016, respectively.

The following table provides information about our repurchases of depository shares of mandatory convertible preferred stock during the three months ended March 31, 2017:

Period	Number of Depository Shares Repurchased	Amount Paid for Repurchases (in thousands)	Average Price Paid per Share
January 1 - January 31, 2017	100,000	\$ 6,551	\$ 65.51
February 1 - February 28, 2017	40,694	2,668	65.57
March 1 - March 31, 2017	5,006	351	70.00
Total	145,700	\$ 9,570	\$ 65.68

Repurchases of our mandatory convertible preferred stock resulted in a \$4.6 million increase to retained earnings, because we redeemed the preferred stock at a discount. The 145,700 depository shares are equivalent to 14,570 units of preferred stock.

NOTE 8 – EARNINGS PER COMMON SHARE

Basic earnings per share is computed by dividing income available to common shareholders by the weighted-average number of shares of common stock outstanding during the period. Diluted earnings per share is computed by dividing income available to common shareholders by the weighted-average number of shares of common stock outstanding during the period increased to include the number of additional shares of common stock that would have been outstanding if the potentially dilutive securities had been issued. Potentially dilutive securities include outstanding stock options, shares to be purchased under the Company's employee stock purchase plan,

RSUs, PSUs, and the assumed conversion of mandatory convertible preferred stock. The effect of potentially dilutive securities is reflected in diluted earnings per share by application of the "treasury stock method" for outstanding stock-based compensation awards. Under the treasury stock method, an increase in the fair market value of the Company's common stock can result in a greater dilutive effect from potentially dilutive securities. For the issue of the mandatory convertible preferred stock, we use the "if-converted method." Under the if-converted method, the preferred dividend applicable to convertible preferred stock is added back as an adjustment to the numerator. The mandatory convertible preferred shares are assumed to be converted to common shares at the beginning of the period or, if later, at the time of issuance, and the resulting common shares are included in the denominator. In applying the if-converted method, conversion shall not be assumed for purposes of computing diluted EPS if the effect would be anti-dilutive. The numerator is also adjusted for any premium or discount arising from redemption of the preferred stock.

The following table sets forth the computation of basic and diluted earnings per share:

In thousands, except share and per share data

	Three Months Ended March 31,	
	2017	2016
Numerator:		
Net income attributable to Stericycle, Inc.	\$ 58,189	\$ 76,786
Mandatory convertible preferred stock dividend	9,364	10,106
Gain on repurchase of preferred stock	(4,563)	—
Numerator for basic earnings per share attributable to Stericycle, Inc. common shareholders	\$ 53,388	\$ 66,680
Denominator:		
Denominator for basic earnings per share - weighted average shares	85,220,228	84,705,000
Effect of diluted securities:		
Dilutive effect of stock-based compensation awards	352,181	1,140,501
Mandatory convertible preferred stock ^(a)	—	—
Denominator for diluted earnings per share - adjusted weighted average shares and after assumed exercises	85,572,409	85,845,501
Earnings per share – Basic	\$ 0.63	\$ 0.79
Earnings per share – Diluted	\$ 0.62	\$ 0.78

- (a) For the three months ended March 31, 2017 and 2016, the weighted average common shares issuable upon the assumed conversion of the mandatory convertible preferred stock totaling of 5,264,188 and 5,651,376, respectively, were excluded from the computation of diluted earnings per share as such conversion would have been anti-dilutive.

For the three months ended March 31, 2017 and 2016, options to purchase shares of 4,660,568 and 2,309,479, respectively, were not included in the computation of diluted earnings per share because the effect would have been anti-dilutive.

For the three months ended March 31, 2017 and 2016, RSUs of 135,309 and 500, respectively, were not included in the computation of diluted earnings per share because the effect would have been anti-dilutive.

The Company had outstanding PSUs during the three months ended March 31, 2017 that were eligible to vest into a maximum of 10,348 shares of common stock subject to the achievement of specified performance conditions. Contingently issuable shares are excluded from the computation of diluted earnings per share if, based on current period results, the shares would not be issuable if the end of the reporting period were the end of the contingency period. These outstanding PSUs have been excluded from the earnings per share calculation for the three months ended March 31, 2017 as the performance conditions were not satisfied as of the end of the period.

NOTE 9 – FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels as described below:

Level 1 – Quoted prices in active markets for identical assets or liabilities (highest priority).

Level 2 – Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs that are generally unobservable and typically reflect management's estimate of assumptions that market participants would use in pricing the asset or liability (lowest priority).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of assets and liabilities and their placement within the fair value hierarchy levels. The impact of our creditworthiness and non-performance risk has been considered in the fair value measurements noted below. There were no movements of items between fair value hierarchies in the periods presented.

The following table summarizes the bases used to measure financial assets and liabilities that are carried at fair value on a recurring basis in the Condensed Consolidated Balance Sheets:

In thousands

	Total as of March 31, 2017	Fair Value Measurements Using		
		Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Assets:				
Short-term investments	\$ 62	\$ 62	\$ —	\$ —
Derivative financial instruments	790	—	790	—
Total	\$ 852	\$ 62	\$ 790	\$ —
Liabilities:				
Contingent consideration	\$ 24,877	\$ —	\$ —	\$ 24,877

In thousands

	Total as of December 31, 2016	Fair Value Measurements Using		
		Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Assets:				
Short-term investments	\$ 62	\$ 62	\$ —	\$ —
Derivative financial instruments	816	—	816	—
Total	\$ 878	\$ 62	\$ 816	\$ —
Liabilities:				
Contingent consideration	\$ 24,119	\$ —	\$ —	\$ 24,119

For our derivative financial instruments, we use a market approach valuation technique based on observable market transactions of spot and forward rates.

We recorded a \$0.8 million asset related to the fair value of the U.S. dollar-Canadian dollar foreign currency swap which was classified as Other assets at March 31, 2017. The objective of the swap is to offset the foreign exchange risk to the U.S. dollar equivalent cash outflows for our Canadian subsidiary.

Our contingent consideration liabilities are recorded using Level 3 inputs and were \$24.9 million as of March 31, 2017, of which \$8.7 million was classified as Current liabilities. Contingent consideration liabilities were \$24.1 million at December 31, 2016, of which \$8.1 million was classified as Current liabilities. Contingent consideration represents amounts expected to be paid as part of acquisition consideration only if certain future events occur. These events are usually targets for revenues, earnings, or other milestones related to the business acquired. We arrive at the fair value of contingent consideration by applying a weighted probability of potential payment outcomes. The calculation of these potential outcomes is dependent on both past financial performance and management assumptions about future performance. If the financial performance measures were all fully met, our maximum liability would be \$25.7 million at March 31, 2017. Contingent consideration liabilities are reassessed each reporting period and are reflected in the Condensed Consolidated Balance Sheets as part of Other current liabilities and Other liabilities.

Changes to contingent consideration are reflected in the table below:

In thousands	
Contingent consideration as of January 1, 2017	\$ 24,119
Increases due to acquisitions	53
Changes due to foreign currency fluctuations	304
Changes in fair value reflected in selling, general, and administrative expenses	401
Contingent consideration as of March 31, 2017	<u>\$ 24,877</u>

At March 31, 2017, the fair value of the Company's debt obligations was estimated, using Level 2 inputs, at \$2.88 billion compared to a carrying amount of \$2.87 billion. At December 31, 2016, the fair value of the Company's debt obligations was estimated, using Level 2 inputs, at \$2.97 billion compared to a carrying amount of \$2.96 billion. The fair values were estimated using an income approach by applying market interest rates for comparable instruments.

Accounts receivable, Accounts payable and Accrued liabilities are financial assets and liabilities, respectively, with carrying values that approximate fair value. If measured at fair value in the financial statements, these financial instruments would be classified as Level 3 in the fair value hierarchy.

NOTE 10 – GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill:

The changes in the carrying amount of goodwill since January 1, 2016, by reportable segment and for the “Other” category (see Note 13 – Segment Reporting), were as follows:

In thousands

	Domestic and Canada RCS		International RCS	Other	Total
Balance as of January 1, 2016	\$ 2,842,711	\$ 632,491	\$ 282,975	\$ 3,758,177	
Goodwill acquired during the year	41,517	8,381	2,871	52,769	
Purchase accounting adjustments	(77,247)	(78,894)	(5,048)	(161,189)	
Other changes	—	(7,486)	—	(7,486)	
Changes due to foreign currency fluctuations	4,820	(56,071)	—	(51,251)	
Balance as of December 31, 2016	2,811,801	498,421	280,798	3,591,020	
Goodwill acquired during the period	11,782	2,706	4,619	19,107	
Purchase accounting adjustments	(168)	(76)	28	(216)	
Other changes	—	20	—	20	
Changes due to foreign currency fluctuations	1,278	11,584	—	12,862	
Balance as of March 31, 2017	\$ 2,824,693	\$ 512,655	\$ 285,445	\$ 3,622,793	

Current period adjustments to goodwill for certain 2016 acquisitions are primarily due to the finalization of intangible asset valuations.

Other Intangible Assets:

At March 31, 2017 and December 31, 2016, the values of other intangible assets were as follows:

In thousands

	March 31, 2017			December 31, 2016		
	Gross Carrying Amount	Accumulated Amortization	Net Value	Gross Carrying Amount	Accumulated Amortization	Net Value
Amortizable intangibles:						
Customer relationships	\$ 1,575,206	\$ 291,414	\$ 1,283,792	\$ 1,553,398	\$ 261,306	\$ 1,292,092
Covenants not-to-compete	9,360	6,517	2,843	9,491	6,371	3,120
Tradenames	5,760	1,469	4,291	5,708	1,365	4,343
Other	19,807	2,936	16,871	19,076	2,526	16,550
Indefinite lived intangibles:						
Operating permits	231,938	—	231,938	229,396	—	229,396
Tradenames	317,474	—	317,474	316,472	—	316,472
Total	\$ 2,159,545	\$ 302,336	\$ 1,857,209	\$ 2,133,541	\$ 271,568	\$ 1,861,973

The changes in the carrying amount of intangible assets since January 1, 2016 were as follows:

In thousands	
Balance as of January 1, 2016	\$ 1,842,561
Intangible assets acquired during the year	35,564
Valuation adjustments for prior year acquisitions	168,979
Intangible write-offs due to disposition and assets held for sale	(15,961)
Impairments during the year	(1,406)
Intangible amortization during the year	(129,300)
Changes due to foreign currency fluctuations	(38,464)
Balance as of December 31, 2016	1,861,973
Intangible assets acquired during the period	11,515
Valuation adjustments for prior year acquisitions	2,124
Impairments during the period	(408)
Intangible amortization during the period	(29,089)
Changes due to foreign currency fluctuations	11,094
Balance as of March 31, 2017	<u>\$ 1,857,209</u>

Our indefinite-lived intangible assets include permits and certain tradenames. We have determined that our permits and certain tradenames have indefinite lives due to our ability to renew them with minimal additional cost, and therefore these are not amortized.

Our finite-lived intangible assets are amortized over their useful lives. We have determined that our customer relationships have useful lives ranging from 5 to 40 years based upon the type of customer and a weighted average remaining useful life of 15.1 years. We have covenants not-to-compete intangibles with useful lives ranging from 5 to 14 years and a weighted average remaining useful life of 3.0 years. We have tradename intangibles with useful lives ranging from 10 to 40 years and a weighted average remaining useful life of 16.2 years. Other intangibles mainly consist of landfill air rights and have a weighted average remaining useful life of 17.2 years.

During the three months ended March 31, 2017 and 2016, the aggregate intangible amortization expense was \$29.1 million and \$18.3 million, respectively.

The estimated amortization expense for each of the next five years, assuming no additional amortizable intangible assets, is as follows for the years ended December 31:

In thousands	
2017	\$ 116,974
2018	117,115
2019	116,751
2020	116,014
2021	115,587

The estimates for amortization expense noted above are based upon foreign exchange rates at March 31, 2017.

NOTE 11 – DEBT

Long-term debt consisted of the following:

In thousands

	March 31, 2017	December 31, 2016
Obligations under capital leases	\$ 10,820	\$ 11,121
\$1.2 billion senior credit facility weighted average rate 2.23%, due in 2019	346,506	407,119
\$1.0 billion term loan weighted average rate 2.33%, due in 2020	970,000	1,000,000
\$175 million private placement notes 3.89%, due in 2017	175,000	175,000
\$125 million private placement notes 2.68%, due in 2019	125,000	125,000
\$225 million private placement notes 4.47%, due in 2020	225,000	225,000
\$150 million private placement notes 2.89%, due in 2021	150,000	150,000
\$125 million private placement notes 3.26%, due in 2022	125,000	125,000
\$200 million private placement notes 2.72%, due in 2022	200,000	200,000
\$100 million private placement notes 2.79%, due in 2023	100,000	100,000
\$150 million private placement notes 3.18%, due in 2023	150,000	150,000
Promissory notes and deferred consideration weighted average rate of 2.39% and weighted average maturity of 3.3 years	193,208	191,648
Foreign bank debt weighted average rate 6.25% and weighted average maturity of 1.9 years	101,341	99,428
Total debt	2,871,875	2,959,316
Less: current portion of total debt	96,301	72,822
Less: unamortized debt issuance costs	8,539	9,179
Long-term portion of total debt	<u>\$ 2,767,035</u>	<u>\$ 2,877,315</u>

Our senior credit facility, term loan, and the private placement notes all require us to comply with the same financial, reporting and other covenants and restrictions, including a restriction on dividend payments. At March 31, 2017, we were in compliance with all of our financial debt covenants. Our senior credit facility, term loan, and the private placement notes rank pari passu to each other and all other unsecured debt obligations.

At March 31, 2017 and December 31, 2016, we had \$138.9 million and \$138.0 million, respectively, committed to outstanding letters of credit under our senior credit facility. The unused portion of the revolving credit facility was \$714.6 million and \$654.9 million at March 31, 2017 and December 31, 2016, respectively.

We classified our \$175.0 million private placement notes that mature in October 2017 as long-term debt due to our intent to settle this obligation by borrowing on the available and unused capacity on our \$1.2 billion senior credit facility due in 2019.

NOTE 12 – ENVIRONMENTAL REMEDIATION LIABILITIES

We record a liability for environmental remediation when such liability becomes probable and the costs or damages can be reasonably estimated. We accrue environmental remediation costs, on an undiscounted basis, associated with identified sites where an assessment has indicated that cleanup costs are probable and can be reasonably estimated, but the timing of such payments is not fixed and determinable. Such accruals are based on currently available information, estimated timing of remedial actions, existing technology, and enacted laws and regulations. The liability for environmental remediation is included in the Condensed Consolidated Balance Sheets in current liabilities within Accrued liabilities and in noncurrent liabilities within Other liabilities.

At March 31, 2017 and December 31, 2016, the total environmental remediation liabilities recorded were \$31.4 million and \$30.9 million of which \$2.6 million and \$2.4 million were presented in Accrued liabilities in the Condensed Consolidated Balance Sheets, respectively. We project costs over approximately 30 years.

NOTE 13 – SEGMENT REPORTING

Our three operating segments are:

- Domestic and Canada Regulated Waste and Compliance Services (“Domestic and Canada RCS”),
- Domestic Communication and Related Services (“Domestic CRS”), and
- International Regulated Waste and Compliance Services (“International RCS”).

Domestic CRS does not meet the quantitative criteria to be a separate reportable segment and therefore is included in All other. Costs related to our corporate headquarter functions are also included in All other.

Our Domestic and Canada, and International Regulated Waste and Compliance Services segments include medical waste disposal, pharmaceutical waste disposal, hazardous waste management, sustainability solutions for expired or unused inventory, secure information destruction of documents and e-media, training and consulting through our Steri-Safe® and Clinical Services programs, and other regulatory compliance services.

Our Domestic Communication and Related Services segment consists of inbound/outbound communication, automated patient reminders, online scheduling, notifications, product retrievals, product returns, and quality audits.

Our two reportable segments are:

- Domestic and Canada RCS,
- International RCS.

The following tables show financial information for the Company's reportable segments:

In thousands

	Three Months Ended March 31,	
	2017	2016
Revenues		
Domestic and Canada RCS	\$ 633,733	\$ 616,131
International RCS	181,580	188,009
All other	77,086	70,041
Total	\$ 892,399	\$ 874,181
Gross Profit		
Domestic and Canada RCS	\$ 278,103	\$ 273,915
International RCS	58,492	60,733
All other	32,067	31,932
Total	\$ 368,662	\$ 366,580
Intangible amortization		
Domestic and Canada RCS	\$ 21,700	\$ 11,317
International RCS	5,344	4,977
All other	2,045	1,980
Total	\$ 29,089	\$ 18,274
Adjusted EBITA ^(a)		
Domestic and Canada RCS	\$ 186,449	\$ 184,852
International RCS	20,045	18,931
All other	(36,124)	(23,431)
Total	\$ 170,370	\$ 180,352

(a) Adjusted EBITA is defined as income from operations exclusive of intangible amortization and other adjusting items reconciled in the table below.

The following table reconciles the Company's primary measure of segment profitability (EBITA) to income from operations:

In thousands

	Three Months Ended March 31,	
	2017	2016
Adjusted EBITA (a)	\$ 170,370	\$ 180,352
Intangible amortization expenses (see Note 10)	(29,089)	(18,274)
Acquisition and integration expenses (see Note 3)	(19,820)	(22,258)
Litigation and professional services expenses (b)	(3,620)	(1,300)
Restructuring, contract exit and plant conversion expenses (see Note 4)	(2,891)	(241)
Change in fair value of contingent consideration (see Note 9)	(401)	2,644
Income from operations	\$ 114,549	\$ 140,923

(b) Litigation and professional services expenses generally consist of legal expenses to defend significant lawsuits and any related settlements as well as certain advisory and consultative services for significant project initiatives which are reflected as part of SG&A in our Condensed Consolidated Statements of Income.

The following table shows consolidated revenues by service:

In thousands

	Three Months Ended March 31,	
	2017	2016
Regulated Waste and Compliance Services	\$ 511,177	\$ 506,581
Secure Information Destruction Services	204,075	184,630
Communication and Related Services	93,516	87,949
Manufacturing and Industrial Services	83,631	95,021
Revenues	\$ 892,399	\$ 874,181

NOTE 14 – LEGAL PROCEEDINGS

We operate in highly regulated industries and must deal with regulatory inquiries or investigations from time to time that may be initiated for a variety of reasons. We are also involved in a variety of civil litigation from time to time.

The Company establishes an accrued liability for loss contingencies related to legal and regulatory matters when the loss is both probable and reasonably estimable. If a loss is not probable or a probable loss is not reasonably estimable, no liability is recorded. These accruals represent management's best estimate of probable losses and, in such cases, there may be an exposure to loss in excess of the amounts accrued. Legal and regulatory matters inherently involve significant uncertainties based on, among other factors, the stage of the proceedings, developments in the applicable facts or law, and the unpredictability of the ultimate determination of the merits of any claim, any defenses the Company may assert against that claim and the amount of any damages that may be awarded. The Company's accrued liabilities for loss contingencies related to legal and regulatory matters may change in the future as a result of new developments, including, but not limited to, the occurrence of new legal matters, changes in the law or regulatory environment, adverse or favorable rulings, newly discovered facts relevant to the matter, or changes in the strategy for the matter. Regardless of the outcome, litigation can have an adverse impact on the Company because of defense and settlement costs, diversion of management resources and other factors.

Contract Class Action Lawsuits. As we have previously disclosed, we were served on March 12, 2013 with a class action complaint filed in the U.S. District Court for the Western District of Pennsylvania by an individual plaintiff for itself and on behalf of all other "similarly situated" customers of ours. The complaint alleges, among other things, that we imposed unauthorized or excessive price increases and other charges on our customers in breach of our

contracts and in violation of the Illinois Consumer Fraud and Deceptive Business Practices Act. The complaint sought certification of the lawsuit as a class action and the award to class members of appropriate damages and injunctive relief.

The Pennsylvania class action complaint was filed in the wake of a settlement with the State of New York of an investigation under the New York False Claims Act which arose out of the qui tam (or “whistle blower”) action captioned United States of America ex rel. Jennifer D. Perez v. Stericycle, Inc., Case No. 1:08-cv-2390, which was settled in the fourth quarter of 2015 as previously disclosed.

Following the filing of the Pennsylvania class action complaint, we were served with class action complaints filed in federal and state courts in several jurisdictions. These complaints asserted claims and allegations substantially similar to those made in the Pennsylvania class action complaint. All of these cases appear to be follow-on litigation to our settlement with the State of New York. On August 9, 2013, the Judicial Panel on Multidistrict Litigation granted our Motion to Transfer these related actions to the United States District Court for the Northern District of Illinois for centralized pretrial proceedings (the “MDL Action”). On December 10, 2013, we filed our answer to the Amended Consolidated Class Action Complaint in the MDL Action, generally denying the allegations therein. Plaintiffs subsequently filed a Second Amended Consolidated Complaint on March 8, 2016, and we filed an answer to that pleading on March 25, 2016, generally denying the allegations therein and asserting a variety of affirmative defenses.

Plaintiffs filed a motion for class certification on January 29, 2016. On February 16, 2017, the Court entered an order granting Plaintiffs’ motion for class certification. The Court certified a class of “[a]ll persons and entities that, between March 8, 2003 through the date of trial resided in the United States (except Washington and Alaska), were identified by Stericycle as ‘Small Quantity’ or ‘SQ’ customer, and were charged and paid more than their contractually-agreed price for Stericycle’s medical waste disposal good and services pursuant to Stericycle’s automated price increase policy. Governmental entities whose claims were asserted in United States ex rel. Perez v. Stericycle Inc. shall be excluded from the class.” On March 2, 2017, Stericycle filed a motion for reconsideration and clarification relating to the Court’s class certification decision. That motion is currently pending while the parties consider whether there would be any benefit to engaging in mediation. Discussions through and overseen by a mediator have ensued between the parties, and the parties may determine to take further steps toward engaging in formal mediation or take other steps toward a consensual resolution of the matter. The case remains ongoing.

We believe that we have operated in accordance with the terms of our customer contracts and that these complaints are without merit. We will continue to vigorously defend ourselves against each of these lawsuits.

We have not accrued any amounts in respect of these class action lawsuits, and we cannot estimate the reasonably possible loss or the range of reasonably possible losses that we may incur. We are unable to make such an estimate because (i) litigation is by its nature uncertain and unpredictable, (ii) we do not know whether the class currently certified by the Court will remain certified through trial and judgment, or whether or how the class definition might be altered, (iii) we do not know how many individual plaintiffs will be determined to meet the court’s definition of the class, (iv) we do not know what the ultimate disposition on the merits of any class claim as well as our defenses to that claim may be, (v) we do not know whether formal mediation or other steps may lead to a consensual resolution of the matter and the discussions to date have not provided us with a basis to make such an estimate, and (vi) in our judgment, the factual and legal allegations asserted by plaintiffs are sufficiently unique that we are unable to identify other proceedings with circumstances sufficiently comparable to provide guidance in making estimates.

Securities Class Action Lawsuit. On July 11, 2016, two purported stockholders filed a putative class action complaint in the U.S. District Court for the Northern District of Illinois. The plaintiffs purported to sue for themselves and on behalf of all purchasers of our publicly traded securities between February 7, 2013 and April 28, 2016, inclusive, and all those who purchased securities in our public offering of depositary shares, each representing a 1/10th interest in a share of our mandatory convertible preferred stock, on or around September

15, 2015. The complaint named as defendants the Company, our directors and certain of our current and former officers, and certain of the underwriters in the public offering. The complaint purports to assert claims under Sections 11, 12(a)(2) and 15 of the Securities Act of 1933 and Sections 10(b) and 20(a) of the Securities Exchange Act of 1934, as well as SEC Rule 10b-5, promulgated thereunder. The complaint alleges, among other things, that the Company imposed unauthorized or excessive price increases and other charges on its customers in breach of its contracts, and that defendants failed to disclose those alleged practices in public filings and other statements issued during the proposed class period beginning February 7, 2013 and ending April 28, 2016.

On August 4, 2016, plaintiffs filed an Amended Complaint that purports to assert additional misrepresentations in public statements through July 28, 2016, and therefore to change the putative class period to the period from February 7, 2013 to July 28, 2016, inclusive. On October 21, 2016, plaintiffs filed a Corrected Amended Complaint adding the Company as a named defendant in plaintiff's claim under Section 11 of the Securities Act, which had previously been asserted only against the Underwriters and certain officers and directors.

On November 1, 2016, the Court appointed the Public Employees' Retirement System of Mississippi and the Arkansas Teacher Retirement System as Lead Plaintiffs and their counsel as Lead Counsel. On February 1, 2017, Lead Plaintiff filed a Consolidated Amended Complaint with additional purported factual material supporting the same legal claims from the prior complaints. Defendants filed a motion to dismiss the Consolidated Amended Complaint on April 1, 2017. Plaintiffs' response to that motion is due May 19, 2017.

We intend to vigorously defend ourselves against this lawsuit.

We have not accrued any amounts in respect of this lawsuit, and we cannot estimate the reasonably possible loss or the range of reasonably possible losses that we may incur. We are unable to make such an estimate because (i) litigation is by its nature uncertain and unpredictable, (ii) we do not know whether the court will certify any class of plaintiffs or, if any class is certified, how the class would be defined, and (iii) in our judgment, the factual and legal allegations asserted by plaintiffs are sufficiently unique that we are unable to identify other proceedings with circumstances sufficiently comparable to provide guidance in making estimates.

Shareholder Derivative Lawsuits. On September 1, 2016, a purported stockholder filed a putative derivative action complaint in the Circuit Court of Cook County, Illinois against certain officers and directors of the Company, naming the Company as nominal defendant. The complaint alleges that defendants breached their fiduciary duties to the Company and its stockholders by causing the Company to allegedly overcharge certain customers in breach of those customers' contracts, otherwise provide unsatisfactory customer service and injure customer relationships, and make materially false and misleading statements and omissions regarding the Company's business, operational and compliance policies between February 7, 2013 and the present. On March 1, 2017, another purported stockholder filed a putative derivative action complaint containing substantially similar allegations in the Circuit Court of Cook County, Illinois against certain officers and directors of the Company, naming the Company as nominal defendant. The Company notes, among other things, that both of these filings are in violation of the Company's Bylaws, which require any such actions to be brought in a court in Delaware. None of the defendants in either of these derivative actions has been served with the applicable complaint.

We have not accrued any amounts in respect of these lawsuits, and we cannot estimate the reasonably possible loss or the range of reasonably possible losses that we may incur. We are unable to make such an estimate because (i) litigation is by its nature uncertain and unpredictable and (ii) in our judgment, the factual and legal allegations asserted by plaintiffs are sufficiently unique that we are unable to identify other proceedings with circumstances sufficiently comparable to provide guidance in making estimates.

Shareholder Demand Letter. On October 18, 2016, the Company received a letter from an attorney purporting to represent a current stockholder of the Company demanding, pursuant to Del. Ct. Ch. R. 23.1, that the Company's Board of Directors take action to remedy alleged breaches of fiduciary duties by certain officers and directors of the Company. The factual allegations set forth in the letter are similar to those asserted in the Securities Class Action Lawsuit and the Shareholder Derivative Lawsuit. The letter asserts breaches of fiduciary duty in connection

with the management, operation and oversight of the Company's business and in connection with alleged false, misleading and/or incomplete statements regarding the Company's business practices.

The Company's Board of Directors has constituted a Special Demand Review Committee to investigate the claims made in the demand letter, which investigation is ongoing.

TCPA Lawsuit. On June 3, 2016, a plaintiff filed a putative class action, captioned Ibrahim v. Stericycle, Inc., No. 16-cv-4294 (N.D. Ill.), against us and our wholly-owned subsidiary, Stericycle Communication Solutions, Inc., under the Telephone Consumer Protection Act ("TCPA"), asserting that the defendants called plaintiff and others in violation of that statute. Plaintiff challenges our use of pre-recorded messages that urge the owners of recalled products to return or obtain repairs for those products.

Plaintiff seeks certification of two nationwide classes. One class includes people who received one or more cellular telephone calls from Stericycle featuring a prerecorded or artificial voice message relating to a product recall, where the called party was not the same individual who, according to Stericycle's records, was the intended recipient of the call. The second class includes people who received one or more cellular telephone calls from Stericycle featuring a prerecorded or artificial voice message relating to a product recall after such person had communicated to Stericycle that Stericycle did not have consent to make any such calls to their cellular telephone number.

On July 28, 2016, we answered the complaint, denying the material allegations and raising certain affirmative defenses. Among the asserted defenses is the "emergency" exception to the TCPA, which exempts calls made to promote public health and safety. On December 19, 2016, before any substantial discovery in the case, we filed a motion for summary judgment primarily on the basis of the "emergency" exception. On February 1, 2017, plaintiff responded to our motion by requesting additional discovery. The court permitted plaintiff to obtain some but not all of the requested discovery, and we have provided additional documents in response to that order.

On April 5, 2017, plaintiff sought leave to file an amended complaint which would add a claim under the Illinois Automatic Telephone Dialers Act (which does not include an "emergency" exception) and certain additional allegations. We filed an opposition to this motion on April 28, 2017, contending that the proposed amendments are futile and that we are entitled to summary judgment.

We have not accrued any amounts in respect of this lawsuit, and we cannot estimate the reasonably possible loss or the range of reasonably possible losses that we may incur. We are unable to make such an estimate because (i) litigation is by its nature uncertain and unpredictable, (ii) we do not know whether the court will certify any class of plaintiffs or, if any class is certified, how the class would be defined, and (iii) in our judgment, the factual and legal allegations asserted by plaintiff are sufficiently unique that we are unable to identify other proceedings with circumstances sufficiently comparable to provide guidance in making estimates.

Environmental Matters. Our Environmental Solutions business is regulated by federal, state and local laws enacted to regulate the discharge of materials into the environment, remediate contaminated soil and groundwater or otherwise protect the environment. As a result of this continuing regulation, we frequently become a party to legal or administrative proceedings involving various governmental authorities and other interested parties. The issues involved in these proceedings generally relate to alleged violations of existing permits and licenses or alleged responsibility under federal or state Superfund laws to remediate contamination at properties owned either by us or by other parties to which either we or the prior owners of certain of its facilities shipped wastes. From time to time, we may be subject to fines or penalties in regulatory proceedings relating primarily to waste treatment, storage or disposal facilities.

On February 29, 2016, we entered into a statute of limitations tolling agreement with the United States Attorney's Office for the District of Utah relating to that Office's investigation of the same facts underlying the notice of violation (the "NOV") issued by the State of Utah Division of Air Quality (the "DAQ") that resulted in our December 2014 settlement with the DAQ that we have previously disclosed. The U.S. Attorney's Office is investigating whether the matters forming the basis of the NOV constitute criminal or civil violations of the Clean Air Act and

other federal statutes. On May 9, 2017, we extended the tolling agreement to June 30, 2017. Under the tolling agreement as extended, the period from March 1, 2016 through June 30, 2017 will be excluded from any calculation of time for the purpose of determining the statute of limitations concerning any charges that we violated federal statutes. The agreement does not constitute an admission of guilt or wrongdoing on our part and cannot be construed as a waiver of any other rights or defenses that we may have in any resulting action or proceeding.

We continue to cooperate with the investigation and have engaged in discussions with the U.S. Attorney's Office regarding their current factual and legal positions. We are evaluating the U.S. Attorney's positions and, after we have completed our factual and legal review, intend to explore a number of potential alternatives, including a negotiated resolution and potential litigation.

We have not accrued any amounts in respect of this investigation, and we cannot estimate the reasonably possible loss or the range of reasonably possible losses that we may incur. We are unable to make such an estimate because (i) the Company and the U.S. Attorney's Office continue to exchange information and develop their respective factual and legal positions, and (ii) in our judgment, the factual and legal issues raised in the investigation are sufficiently unique that we are unable to identify other investigations with circumstances sufficiently comparable to provide guidance in making estimates.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

We are a business-to-business services provider with a focus on regulated and compliance solutions for healthcare, retail, and commercial businesses. This includes the collection and processing of regulated and specialized waste for disposal and the collection of personal and confidential information for secure destruction, plus a variety of training, consulting, recall/return, communication, and compliance services. We were incorporated in 1989 and presently serve a diverse customer base of more than 1,000,000 customers throughout the United States, Argentina, Austria, Australia, Belgium, Brazil, Canada, Chile, France, Germany, Ireland, Japan, Luxembourg, Mexico, the Netherlands, Portugal, Romania, Republic of Korea, Singapore, South Africa, Spain, and the United Kingdom.

More specifically, our services and products include:

- Medical waste management services
- Reusable sharps disposal management services
- Pharmaceutical waste services
- Integrated Waste Stream Solutions ("IWSS") program
- Hazardous waste management services
- Sustainability and recycling services for expired or unused inventory
- Secure information destruction and hard drive destruction services
- Compliance programs under the Steri-Safe®, Clinical Services, SeguriMed and EnviroAssure brand names
- Regulated recall and returns management communication, logistics, and data management services for expired, withdrawn or recalled products

- Live voice and automated communication services including afterhours answering, appointment scheduling, appointment reminders, secure messaging, and event registration
- Mailback solutions for regulated medical waste, universal wastes, pharmaceutical wastes, and other specialty wastes

There were no material changes in the Company's critical accounting policies since the filing of its 2016 Form 10-K. As discussed in the 2016 Form 10-K, the preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the amount of reported assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and revenues and expenses during the periods reported. Actual results may differ from those estimates.

Three Months Ended March 31, 2017 Compared to Three Months Ended March 31, 2016

Highlights for the three months ended March 31, 2017 included the following:

- revenues of \$892.4 million, an increase of 2.1%, including a 1.1% unfavorable impact from foreign exchange;
- gross profit of \$368.7 million, an increase of 0.6%;
- operating income of \$114.5 million, a decreased of 18.7%;
- we incurred \$26.7 million in pre-tax expenses related acquisitions and integration, litigation and professional services, restructuring, contract exit and plant conversion expenses, and an unfavorable change in the fair value of contingent consideration;
- intangible amortization expense increased to \$29.1 million from \$18.3 million in 2017, primarily due to the completion of intangible valuations at the end of 2016 for our Shred-it acquisition;
- we reclassified \$2.6 million of which \$1.4 million was for rent and utility expenses and \$1.2 million was for depreciation expenses from SG&A to cost of revenues for the three months ended March 31, 2016 to conform to the current period presentation;
- the effective tax rate was 34.7%;
- net income attributable to Stericycle, Inc. common shareholders was \$53.4 million, with diluted earnings per share of \$0.62;
- cash flow from operations was \$175.3 million, an increase of 11.7%;
- capital expenditures were \$33.1 million; and
- dividends of \$9.4 million were paid during the first quarter of 2017 to holders of our Series A Preferred Stock.

The following summarizes the Company's operations:

In thousands, except per share data

	Three Months Ended March 31,			
	2017		2016	
	\$	%	\$	%

Revenues: In analyzing our Company's performance, it is necessary to understand that our various regulated services share a common infrastructure and customer base. We market our regulated and compliance services by offering various pricing options to meet our customers' preferences, and customers move between these different billing paradigms. For example, our customers may contract with us for "Medical Waste Disposal" services that are billed based on the weight of waste collected, processed and disposed during a particular period, and in a subsequent period, the same customer could move to our standard service ("Steri-Safe OSHA Compliance Program"), which packages the same regulated medical waste services with training and education services for a contracted subscription fee. Another example is a customer that purchases our "Medical Waste Disposal" and "Sharps Disposal Management" services which provides the customer with the same regulated services under a different pricing and billing arrangement. We do not track the movement of customers between the various types of regulated services we offer. Although we can identify directional trends in our services, because the regulated services are similar in nature and there are inherent inaccuracies in disaggregation, we believe that aggregating these revenues communicates the appropriate metric. We analyze our revenue growth by identifying changes related to organic growth, acquisitions and divestitures, and changes due to currency exchange fluctuations.

Our consolidated revenues increased \$18.2 million, or 2.1%, in the first quarter of 2017 to \$892.4 million from \$874.2 million in the first quarter of last year. Overall organic revenue growth contributed \$18.7 million, or 2.1% in revenues. Organic growth excludes the effect of foreign exchange and acquisitions and divestitures with less than a full year of revenues in the comparative period. Revenues from acquisitions contributed \$10.0 million to the increase in revenues in the first quarter of 2017. Divestiture activity negatively impacted current period revenues by \$0.7 million. The net effect of acquisitions and divestiture activity resulted in a 1.1% increase in revenues in the first quarter of 2017. The effect of foreign exchange rates unfavorably impacted total revenues in the first quarter of 2017 by \$9.7 million, or 1.1%, as foreign currencies declined against the U.S. dollar.

Domestic and Canada Regulated Waste and Compliance Services ("Domestic and Canada RCS") revenues increased \$17.6 million, or 2.9%, in the first quarter of 2017 to \$633.7 million from \$616.1 million in the first quarter of last year. Organic growth contributed \$9.1 million, or 1.5%, and acquisitions contributed \$7.1 million, or 1.1%, in revenues. Our Secure Information Destruction revenues were strong due to higher sales activity for both ongoing and one-time services combined with higher recycling revenue. The strengthening of the Canadian dollar positively affected 2017 revenues by \$1.4 million, or 0.2%. Revenues related to Manufacturing and Industrial ("M&I") waste services experienced a reduction of \$8.4 million negatively impacting overall organic growth by 1.8%. This reduction was due to fewer on-call services related to softness in the U.S. industrial market. In addition, we have experienced pricing pressure on our small quantity regulated waste and compliance customers resulting from hospital consolidation of physician practices and increased competitive activities in the market.

International Regulated Waste and Compliance Services ("International RCS") revenues decreased \$6.4 million, or 3.4%, in the first quarter of 2017 to \$181.6 million from \$188.0 million in the first quarter of last year. Organic growth in the International RCS segment contributed \$3.4 million in revenues, or 1.8%. In 2016, we began to exit certain patient transport service contracts in the UK, which negatively impacted our organic growth. Revenues from international acquisitions contributed \$2.0 million to the increase in revenues in the first quarter of 2017. Divestiture activity negatively impacted current period revenues by \$0.7 million. The net effect of acquisitions and divestiture activity resulted in a 0.7% increase in revenues in the first quarter of 2017. The effect of foreign exchange rates unfavorably impacted international revenues in the first quarter of 2017 by \$11.2 million, or 5.9%, as foreign currencies declined against the U.S. dollar.

Other revenues related to Domestic Communication and Related Services increased \$7.0 million, or 10.1%, in the first quarter of 2017 to \$77.1 million from \$70.0 million in the first quarter of last year, primarily due to serving new brands across many industries.

Cost of Revenues: Our consolidated 2017 cost of revenues increased \$16.1 million, or 3.2%, in the first quarter of 2017 to \$523.7 million from \$507.6 million in the first quarter of last year. As a percentage of revenues, consolidated gross profit decreased to 41.3% in the first quarter of 2017 from 41.9% in the first quarter of last year. In general, international gross profit is lower than domestic gross profit because our international operations have fewer small account customers, which tend to generate higher gross profit. Historically, our international operations generate most of their revenues from large account customers, such as hospitals. As our international revenues increase as a percentage of consolidated revenues, consolidated gross profit percentages experience downward pressure due to this "business mix" shift, which may be offset by additional international small account market penetration, integration savings, and domestic business expansion.

Domestic and Canada RCS cost of revenues increased \$13.4 million, or 3.9%, in the first quarter of 2017 to \$355.6 million from \$342.2 million in the first quarter of last year. Gross profit as a percentage of revenues decreased to 43.9% in the first quarter of 2017 from 44.5% in the first quarter of last year primarily due to lower revenues from our M&I customers, which have a higher fixed cost structure. Pricing pressure on our small quantity regulated waste and compliance customers negatively impacted our gross profit as a percentage of revenues. We also experienced higher costs related to fuel, utilities and wages.

International RCS cost of revenues decreased \$4.2 million, or 3.3%, in the first quarter of 2017 to \$123.1 million from \$127.3 million in the first quarter of last year. International gross profit as a percentage of revenues slightly decreased to 32.2% in the first quarter of 2017 from 32.3% in the first quarter of last year. Our international gross profit was negatively impacted by the inability to pass high inflation costs on to customers.

Selling, General and Administrative Expenses Exclusive of Adjusting Items, Depreciation and Amortization ("SG&A"): Our consolidated SG&A expenses increased \$11.9 million, or 6.6%, in the first quarter of 2017 to \$192.1 million from \$180.2 million in the first quarter of last year to support our increase in revenues.

Domestic and Canada RCS SG&A expenses increased \$3.5 million, or 4.1%, in the first quarter of 2017 to \$89.2 million from \$85.7 million in the first quarter of last year. As a percentage of revenues, SG&A increased to 14.1% in the first quarter of 2017 as compared to 13.9% in the first quarter of last year.

International RCS SG&A expenses decreased \$3.8 million, or 9.3%, in the first quarter of 2017 to \$37.1 million from \$40.9 million in the first quarter of last year. As a percentage of revenues, SG&A decreased to 20.4% in the first quarter of 2017 as compared to 21.7% in the first quarter of last year due to M&I divestiture and reduced SG&A expense related to the exit of certain UK patient transport services contracts.

Income from Operations: Consolidated income from operations decreased by \$26.4 million, or 18.7%, in the first quarter of 2017 to \$114.5 million from \$140.9 million in the first quarter of last year. Comparison of income from operations between 2017 and 2016 was affected by the following items:

During the first quarter of 2017, we recognized \$19.8 million of expenses related to acquisition and integration activities, \$3.6 million in certain litigation and professional services expenses, \$2.9 million in restructuring, contract exit and plant conversion expenses, and a \$0.4 million unfavorable change in fair value of contingent consideration.

During the first quarter of 2016, we recognized \$22.3 million of expenses related to acquisition and integration activities, \$1.3 million in certain litigation and professional services expenses, and \$0.2 million in restructuring, contract exit and plant conversion expenses, offset by a \$2.6 million favorable change in the fair value of contingent consideration.

Consolidated depreciation and amortization expense increased to \$58.2 million in the first quarter of 2017 compared to \$48.4 million in the first quarter of last year, primarily due to increased amortization expense in late 2016 of Shred-it intangibles resulting from the finalization of the valuation and purchase accounting. As a percentage of revenues, depreciation and amortization expense increased to 6.5% as compared to 5.5% in 2016.

Domestic and Canada RCS income from operations decreased \$6.8 million, or 4.2%, in the first quarter of 2017 to \$154.6 million from \$161.4 million in the first quarter of last year.

During the first quarter of 2017, we recognized \$10.1 million in acquisition and integration, and plant conversion expenses.

During the first quarter of 2016, we recognized \$12.1 million in acquisition and integration expenses.

Domestic and Canada RCS depreciation and amortization expense increased to \$38.9 million in the first quarter of 2017 compared to \$31.0 million in the first quarter of last year, primarily due to increased amortization expense of Shred-it intangibles. As a percentage of revenues, depreciation and amortization expense increased to 6.1% in the first quarter of 2017 as compared to 5.0% in the first quarter of last year.

International RCS income from operations decreased \$2.2 million, or 15.7%, in the first quarter of 2017 to \$11.8 million from \$14.0 million in the first quarter of last year.

During the first quarter of 2017, we recognized \$2.9 million in acquisition and integration, restructuring, contract exit and plant conversion expenses due to an initiative to realign our operations to reduce labor redundancies in our Latin American countries and exiting certain of our UK patient transport services contracts.

International RCS depreciation and amortization expense increased to \$13.2 million in the first quarter of 2017 compared to \$12.6 million in the first quarter of last year. As a percentage of revenues, depreciation and amortization expense increased to 7.3% in the first quarter of 2017 as compared to 6.7% in the first quarter of last year.

Net Interest Expense: Net interest expense decreased to \$23.3 million in the first quarter of 2017 from \$24.0 million in the first quarter of last year due to a reduction of our average debt balance.

Income Tax Expense: Income tax expense decreased to \$31.1 million in the first quarter of 2017 from \$38.0 million in the first quarter of last year. The effective tax rates for the first quarter of 2017 and 2016 were 34.7% and

32.9%, respectively. The increase in the current period tax rate, when compared to the prior year, is primarily related to higher discrete tax benefits recognized in 2016, as well as a higher proportion of pre-tax income in 2017 in the United States which has a higher statutory tax rate, compared to international operations.

Liquidity and Capital Resources:

The following senior credit facility, term loan, and the private placement notes require us to comply with various financial, reporting, and other covenants and restrictions, including a restriction on dividend payments:

\$1.2 billion senior credit facility weighted average rate 2.23%, due in 2019
\$1.0 billion term loan weighted average rate 2.33%, due in 2020
\$175 million private placement notes 3.89%, due in 2017
\$125 million private placement notes 2.68%, due in 2019
\$225 million private placement notes 4.47%, due in 2020
\$150 million private placement notes 2.89%, due in 2021
\$125 million private placement notes 3.26%, due in 2022
\$200 million private placement notes 2.72%, due in 2022
\$100 million private placement notes 2.79%, due in 2023
\$150 million private placement notes 3.18%, due in 2023

The financial debt covenants are the same for the senior credit facility, term loan, and the private placement notes. At March 31, 2017, we were in compliance with all of our financial debt covenants. Our senior credit facility, term loan, and the private placement notes rank pari passu to each other and all other unsecured debt obligations.

At March 31, 2017, we had \$346.5 million of borrowings outstanding under our \$1.2 billion senior unsecured credit facility, which includes foreign currency borrowings of \$126.5 million. We also had \$138.9 million outstanding letters of credit under this facility. The unused portion of the revolving credit facility at March 31, 2017 was \$714.6 million. At March 31, 2017, our interest rates on borrowings under our revolving credit facility were as follows:

- A fee of 0.2% on our revolving credit facility
- For borrowings less than one month, prime rate plus 0.3%
- For borrowings greater than one month, LIBOR plus 1.3%

The weighted average rate of interest on the unsecured revolving credit facility was 2.23% per annum, which includes the 0.2% facility fee at March 31, 2017.

As of March 31, 2017, we had \$970 million outstanding under our term loan credit facility. The weighted average rate of interest on the unsecured term loan facility was 2.33% per annum.

As of March 31, 2017, we had \$175.0 million of seven-year 3.89% unsecured senior notes and \$225.0 million of 10-year 4.47% unsecured senior notes outstanding issued to 39 institutional purchasers in a private placement completed in October 2010. Interest is payable in arrears semi-annually on April 15 and October 15 beginning on April 15, 2011, and principal is payable on October 15, 2017 for the seven-year notes and October 15, 2020 for the 10-year notes. We have classified our \$175.0 million private placement notes that mature in October 2017 as long-term debt due to our intent to settle this obligation by borrowing on our \$1.2 billion senior credit facility due in 2019.

As of March 31, 2017, we had \$125.0 million of seven-year 2.68% unsecured senior notes and \$125.0 million of 10-year 3.26% unsecured senior notes outstanding issued to 46 institutional purchasers in a private placement completed in December 2012. Interest is payable in arrears semi-annually on June 12 and December 12 beginning on June 12, 2013, and principal is payable on December 12, 2019 and December 12, 2022, respectively.

As of March 31, 2017, we had \$200.0 million of seven-year 2.72% unsecured senior notes and \$100.0 million of eight-year 2.79% unsecured senior notes outstanding issued to several institutional purchasers in a private placement completed in July 2015. Interest is payable in arrears semi-annually on January 1 and July 1 beginning on January 1, 2016, and principal is payable on July 1, 2022 and July 1, 2023, respectively.

As of March 31, 2017, we had \$150.0 million of six-year 2.89% unsecured senior notes and \$150.0 million of eight-year 3.18% unsecured senior notes outstanding issued to several institutional purchasers in a private placement completed in October 2015. Interest is payable in arrears semi-annually on April 1 and October 1 beginning on April 1, 2016, and principal is payable on October 1, 2021 and October 1, 2023, respectively.

As of March 31, 2017, we had \$193.2 million in promissory notes and deferred consideration outstanding issued in connection with acquisitions during 2008 through 2017, \$101.3 million in foreign subsidiary bank debt outstanding, and \$10.8 million in capital lease obligations.

Working Capital: At March 31, 2017, our working capital decreased \$50.4 million to \$180.4 million compared to \$230.8 million at December 31, 2016.

Current assets decreased by \$13.7 million, mostly driven by a \$19.6 million decrease in accounts receivable due to strong collections during the first quarter of 2017, offset by a \$2.8 million increase in cash and cash equivalents and an increase of \$5.7 million in prepaid expenses. Days sales outstanding ("DSO") was 62 days and 64 days at March 31, 2017 and December 31, 2016, respectively.

Current liabilities increased by \$36.7 million during the first quarter of 2017 primarily related to reclassifying \$21.8 million of term loan debt from long-term to current, an increase of \$17.3 million in other current liabilities, and an increase of \$15.3 million in accrued liabilities, offset by a decrease of \$19.8 million in accounts payable.

Net Cash Change: Net cash provided by operating activities increased \$18.4 million, or 11.7%, to \$175.3 million during the first quarter of 2017 from \$156.9 million in 2016 primarily due to strong collections during the first quarter of 2017.

Net cash used in investing activities during the first quarter of 2017 was \$49.8 million compared to \$58.3 million in 2016. We used \$8.0 million less cash for acquisitions during the first quarter of 2017 than during the same period of 2016. Our capital expenditures decreased by \$1.0 million in 2017 and, as percentage of revenues, were at 3.7% and 3.9% in 2017 and 2016, respectively.

Net cash used in financing activities was \$124.1 million during the first quarter of 2017 compared to \$108.4 million in the same period of 2016. In 2017, we repaid \$92.3 million, net, of our senior credit facility and term loan facility compared to \$66.6 million in 2016. We had preferred share repurchases of \$9.6 million in 2017 compared to \$37.7 million of common share repurchases in 2016. Dividends of \$9.4 million and \$10.1 million were paid to holders of our Series A Preferred Stock in 2017 and 2016, respectively.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

We are subject to market risks arising from changes in interest rates. Our potential additional interest expense over one year that would result from a hypothetical, instantaneous and unfavorable change of 100 basis points in the interest rate on all of our variable rate obligations would be approximately \$14.2 million on a pre-tax basis.

We have exposure to commodity pricing for gas and diesel fuel for our trucks, for the purchases of containers and boxes, and for the price we receive for shredded office paper. We do not hedge these items to manage the exposure.

We have exposure to foreign currency fluctuations. We have subsidiaries in multiple foreign countries whose functional currency is the local currency. Our international subsidiaries use local currency denominated lines of credit for their funding needs which has no exposure to currency fluctuations. We translate the results of our international operations using an average monthly exchange rate. Changes in foreign currency exchange rates could unfavorably impact our consolidated results of operations.

We operate in a highly competitive market. We have exposure to other service providers providing cheaper solutions. As physician practices are consolidated by larger hospital groups we have exposure related to negotiating leverage that large quantity generators have through professional purchasing departments, which may have a negative impact to our revenues as contracts renew.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of disclosure controls and procedures.

The term "disclosure controls and procedures" is defined in Rule 13a-15(e) of the Securities Exchange Act of 1934 as "controls and other procedures of an issuer that are designed to ensure that information required to be disclosed by the issuer in the reports that it files or submits under the Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms." Our disclosure controls and procedures are designed to ensure that material information relating to us and our consolidated subsidiaries is accumulated and communicated to our management, including our President and Chief Executive Officer and our Chief Financial Officer, as appropriate to allow timely decisions regarding our required disclosures.

Our management, with the participation of our President and Chief Executive Officer and our Chief Financial Officer, conducted an evaluation of the effectiveness of our disclosure controls and procedures as of the end of the period covered by this quarterly report. Based upon that evaluation, our President and Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures were not effective as of the end of the period covered by this quarterly report, because of material weaknesses in internal control over financial reporting described below.

Internal control over financial reporting.

Management of Stericycle is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rules 13a-15(f) and 15d(f) under the Exchange Act). Internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external reporting purposes in accordance with United States Generally Accepted Accounting Principles ("U.S. GAAP"). Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Stericycle conducted an assessment of the effectiveness of its internal control over financial reporting as of December 31, 2016 based on the criteria established by the Internal Control-Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO Framework").

During 2016, the Company's assessment included the global Shred-it business. Shred-it was acquired late in 2015 and resulted in significant integration activities throughout 2016 with a broad impact across the organization.

While the Company made progress in certain of the areas identified in the prior year, additional material weaknesses were identified. As a result, as of December 31, 2016, Stericycle management has identified material weaknesses related to: a lack of a framework to identify risks of material misstatement to the organization's financial statements and appropriately designed controls to mitigate those risks; a lack of robust accounting policies to assist our finance organization with accounting for transactions appropriately and on a timely basis; insufficient design and communication of general information technology controls to support the effective operation of financial controls; and an insufficiently staffed finance organization with the requisite skills and ability to focus on ICFR matters to respond to the risks to the financial statements. These material weaknesses in the control environment, risk assessment, and control activity components of the COSO framework as of December 31, 2016 and March 31, 2017 are pervasive across our internal control processes.

Planned Remediation of Material Weaknesses

Since 2016, Stericycle has invested considerable time and resources towards redesigning our internal controls over financial reporting. This effort can be summarized as follows:

- We engaged consultants to help review and make recommendation with respect to the redesign of our internal controls over financial reporting;
- We added additional resources and enhanced existing positions in accounting, finance, tax, and information technology to support the redesigned controls;
- We engaged subject matter experts to perform an information technology infrastructure and architecture assessment; and
- Those subject matter experts then developed a strategic information technology infrastructure and architecture roadmap.

Remediation of control deficiencies that gave rise to the material weaknesses described above can be a multi-year process. We remain committed to continue investing significant time and resources and taking actions to remediate the material weaknesses in our internal control over financial reporting as we work to further integrate acquisitions, streamline disparate information technology systems, and enhance our control environment.

Below we have described the remedial actions we are taking to address the identified material weaknesses and enhance our overall control environment.

Control Environment

- We are developing, enhancing, and implementing standardized policies in the areas of accounting, general information technology and to enforce individual accountability for performance of internal control responsibilities across the Company.
- We are creating new roles and hiring additional accounting personnel with appropriate backgrounds and skill sets.
- We are establishing a technical accounting group within the Controllershship function with responsibility to ensure that the accounting for complex or non-routine transactions is appropriate.
- We are expanding the training of our employees to reinforce the importance of a strong control environment, to emphasize the technical requirements for controls that are designed, implemented and operating effectively and to set the appropriate expectations on internal controls through establishing the related policies and procedures.

Risk Assessment

- We have engaged external service providers to assist with performing a comprehensive risk assessment including the risk of fraud.
- We are reviewing, analyzing, and properly documenting our processes related to internal controls over financial reporting.

- We are implementing a financial reporting risk assessment and review process to ensure our significant accounting policies are implemented and applied properly under U.S. GAAP on a consistent basis throughout the Company.
- We are developing an internal control framework which will ensure we are appropriately identifying and assessing changes that could significantly impact the system of internal control.

Control Activities

- We are designing and implementing effective review and approval controls over the accurate recording, presentation, and disclosure of revenue and related costs.
- We are designing and implementing effective review and approval controls. This includes hiring professionals with the appropriate technical accounting expertise to support the adequacy of the review and approval of complex or non-routine transactions such as those involving impairments and purchase accounting.
- We are also designing and implementing effective review and approval controls over account reconciliations, journal entries, and management estimates across our remaining internal control processes. These controls will address the accuracy and completeness of the data used in the performance of the respective control.
- We are establishing policies over the segregation of incompatible duties within our IT systems and implementing such policies across the Company.
- We are implementing standardized policies to address the completeness and accuracy of data used in the performance of controls and information technology controls across the Company.
- We are working to standardize and simplify the Company's disparate information systems.

When fully implemented and operational, we believe the measures described above will remediate the control deficiencies that have led to the material weaknesses we have identified and strengthen our internal controls over financial reporting. We are committed to continuing to improve our internal control processes and we will continue to review our financial reporting controls and procedures. As we continue to evaluate and work to improve our internal controls over financial reporting, we may determine to take additional measures to address control deficiencies or modify certain activities of the remediation measures described above.

Notwithstanding the existence of the material weaknesses as described above, we believe that the condensed consolidated financial statements in this quarterly report fairly present, in all material respects, our financial position, results of operations and cash flows as of the dates, and for the periods, presented, in conformity with U.S. GAAP.

Changes in internal controls.

We have undertaken strategic remedial actions to address the material weaknesses in our internal controls over financial reporting. These remedial actions continued throughout the quarter ended March 31, 2017 but have not materially affected our internal control over financial reporting.

Safe Harbor Statement: This press release may contain forward-looking statements that involve risks and uncertainties, some of which are beyond our control (for example, general economic and market conditions). Our actual results could differ significantly from the results described in the forward-looking statements. Factors that could cause such differences include changes in governmental regulation of the collection, transportation, treatment and disposal of regulated waste or the proper handling and protection of personal and confidential information, increases in transportation and other operating costs, the level of governmental enforcement of regulations governing regulated waste collection and treatment or the proper handling and protection of personal and confidential information, our obligations to service our substantial indebtedness and to comply with the covenants and restrictions contained in our private placement notes, term loan credit facility and revolving credit

facility, our ability to execute our acquisition strategy and to integrate acquired businesses, competition and demand for services in the regulated waste and secure information destruction industries, political, economic and currency risks related to our foreign operations, impairments of goodwill or other indefinite-lived intangibles, variability in the demand for services we provide on a project or non-recurring basis, exposure to environmental liabilities, fluctuations in the price we receive for the sale of paper, the outcome of pending or future litigation, disruptions in or attacks on our information technology systems, compliance with existing and future legal and regulatory requirements, as well as other factors described in our filings with the U.S. Securities and Exchange Commission, including our most recently filed Annual Report on Form 10-K. As a result, past financial performance should not be considered a reliable indicator of future performance, and investors should not use historical trends to anticipate future results or trends. We make no commitment to disclose any subsequent revisions to forward-looking statements.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

See Note 14 - Legal Proceedings in the Notes to the Condensed Consolidated Financial Statements (Item 1 of Part I).

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Under resolutions that our Board of Directors has adopted, we have been authorized to purchase a cumulative total of 24,621,640 shares of our common stock on the open market. As of March 31, 2017, we had purchased a cumulative total of 21,251,733 shares.

There were no repurchases of shares of our common stock during the three months ended March 31, 2017.

ITEM 6. EXHIBITS

All other financial statement schedules have been omitted because they are not applicable to us or the required information is shown in the consolidated financial statements or notes thereto.

We have filed the following exhibits with this report:

Exhibit Index	Description
31.1	Rule 13a-14(a)/15d-14(a) Certification of Chief Executive Officer

Section 2: EX-31.1 (EX-31.1)

Exhibit 31.1

Rule 13a-14(a)/15d-14(a) Certification

Charles A. Alutto
President and Chief Executive Officer

I, Charles A. Alutto, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Stericycle, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting

- which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
- b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Section 3: EX-31.2 (EX-31.2)

Exhibit 31.2

Rule 13a-14(a)/15d-14(a) Certification

Daniel V. Ginnetti
Executive Vice President and Chief Financial Officer

I, Daniel V. Ginnetti, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Stericycle, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
