Stericycle, Inc. Reports Results for the Fourth Quarter and Full-Year Ended 2017

Provides Update on Comprehensive Business Transformation to Build Best-in-Class Operating Model

Program Expected to Drive Operational Efficiencies and Improve Long-Term Financial Performance, with \$850 Million to \$1 Billion in Cumulative Adjusted EBITDA Benefits over 2018-2022*

LAKE FOREST, Ill., Feb. 21, 2018 - Stericycle, Inc. (Nasdaq: SRCL) today reported results for the fourth quarter and the full-year ended December 31, 2017. The Company also provided additional details on its Business Transformation, which is expected to deliver \$850 million to \$1 billion of cumulative Adjusted EBITDA* benefits over the next five years.

“Stericycle has evolved significantly over the past 28 years, and today we are executing a company-wide, comprehensive strategy to position Stericycle for continued success well into the future,” said Charles A. Alutto, President and Chief Executive Officer. “Our strategy focuses on building a best-in-class enterprise performance management (“EPM”) operating model and includes streamlining our portfolio, realigning our processes and organizational structure to drive efficiency, and implementing an enterprise resource planning (“ERP”) system. We believe that the implementation of our strategic plan, combined with the continued trend of customers outsourcing services to focus on their core businesses, will accelerate Stericycle’s growth and profitability across our markets and deliver greater value to our shareholders.”

BUSINESS TRANSFORMATION AND PILLARS OF SUCCESS

Stericycle today provided additional details regarding its Business Transformation, which the Company began executing during the fourth quarter of 2017, to improve long-term operational and financial performance. As part of the Business Transformation, Stericycle plans to build a best-in-class EPM operating model to enable the Company to operate more efficiently, provide an enhanced experience to customers, better capitalize on future growth opportunities, and establish greater controls and oversight to drive more consistent results. Additionally, a key component of the Business Transformation is the implementation of an ERP system, which will leverage standard

processes throughout the organization to accelerate decision making, expedite acquisition integration, remediate compliance and control issues, and enable real-time analytics. For further information, see the accompanying Transformation Overview at <http://investors.stericycle.com>.

Key initiatives of the Business Transformation include:

- **Portfolio Rationalization:** Executing on a comprehensive review of the Company's global service lines to identify and pursue the divestiture of non-strategic assets.
- **Operational Optimization:** Standardizing route planning logistics, modernizing field operations, and driving network efficiency across facilities.
- **Organizational Excellence and Efficiency:** Redesigning the Company's organizational structure to optimize resources and align around a global shared business services model.
- **Commercial Excellence:** Aligning our sales and service organizations around the customer, standardizing our customer relationship management processes, and expanding customer self-service options.
- **Strategic Sourcing:** Reducing spend through global procure-to-pay processes and leveraging organizational scale.

Transformation initiatives, inclusive of the implementation of best-in-class systems, are expected to deliver Adjusted EBITDA between 2018 and 2022 at a compound annual growth rate of 5% to 9%* and an Adjusted EPS compound annual growth rate of 6% to 10%*. Over this same period, the Company projects that it will generate a substantial amount of free cash flow, equivalent to a compound annual growth rate of 10% to 14%*. Stericycle expects to record approximately \$275 to \$300 million in adjusting items and capital expenditures associated with the Business Transformation over five years, with those investments delivering an anticipated internal rate of return greater than 85%.

FOURTH-QUARTER HIGHLIGHTS COMPARED TO PRIOR YEAR:

- **Revenues of \$887.8 million, a decrease of 2.1%**
- **Gross profit of \$344.0 million a decrease of 6.2%, and Adjusted gross profit of \$345.1 million, a decrease of 7.5%**
- **Earnings per share (“EPS”) of \$0.97, due primarily to the favorable impact of \$1.52 from U.S. tax reform, offset by a \$0.79 non-cash goodwill impairment charge in Latin America and \$0.20 of Business Transformation related expenses. Adjusted earnings per share (“Adjusted EPS”) of \$1.00, inclusive of non-cash fixed asset depreciation and write-off charges, partially offset by international tax benefits**
- **Began executing on comprehensive Business Transformation to align Stericycle with future growth opportunities, drive operational efficiencies and improve long-term financial performance**

FOURTH-QUARTER RESULTS

“During the fourth quarter, we continued to experience high growth from secure information destruction and the expansion of additional services within the hospital market, offset by an anticipated challenging comparison in Communication and Related Services due to a record recall event during the fourth quarter of 2016,” said Charles A. Alutto, President and Chief Executive Officer. “We began execution of our Business Transformation with the reorganization of our global workforce and are now focused on implementing additional measures to drive efficiencies. By standardizing our global processes and consolidating our disparate business systems, we will better position the company for long-term growth and improved financial performance.”

Revenues for the quarter ended December 31, 2017 were \$887.8 million, a decrease of 2.1% from \$906.4 million in the fourth quarter of last year. Acquisitions contributed \$6.8 million to revenues. Divestitures reduced revenues by \$10.2 million. On a constant currency basis, revenues decreased 3.0% compared to the fourth quarter of last year. Organic revenues decreased 2.6%, or decreased 2.4% when adjusted for Manufacturing and Industrial Services. Organic revenues were down as a result of a record recall event in our Communication and Related Service business in the fourth quarter of 2016. See Tables 1-A and 1-C.

Gross profit was \$344.0 million, a decrease of 6.2% from \$366.7 million in the fourth quarter of last year. Adjusted gross profit was \$345.1 million, a decrease of 7.5% from \$373.2 million in the fourth quarter of last year. Gross profit and Adjusted gross profit as a percentage of revenues were 38.7% and 38.9%, respectively, compared to 40.5% and 41.2%, respectively, in the fourth quarter of last year. See Unaudited Condensed Consolidated Statements of Income and Table 2-A.

EPS increased to \$0.97 from \$0.15 in the fourth quarter of last year, due primarily to the favorable impact of \$1.52 from U.S. tax reform, offset by a \$0.79 non-cash goodwill impairment charge in Latin America and \$0.20 of Business Transformation related expenses. Adjusted EPS was \$1.00 for the current quarter and the same quarter last year. The current quarter is inclusive of \$0.14 of non-cash fixed asset depreciation and write-off charges. See Unaudited Condensed Consolidated Statements of Income and Table 2-A.

Cash flow from operations for the quarter was \$116.6 million, down 18.5% from \$143.0 million in the same period last year. For the quarter, the Company primarily allocated cash as follows: \$8.8 million in dividends to its preferred shareholders; \$3.4 million for preferred share repurchases; \$26.3 million reduction in net debt; \$28.7 million for acquisitions; and \$51.3 million for capital expenditures, inclusive of \$10.9 million for Business Transformation.

FULL-YEAR HIGHLIGHTS COMPARED TO PRIOR YEAR

- **Revenues of \$3.58 billion, an increase of 0.5%**
- **Gross profit of \$1.46 billion, a decrease of 1.6% and Adjusted gross profit of \$1.46 billion, a decrease of 2.2%**
- **EPS of \$0.27, a decrease of 87.0%, due primarily to the impact of the previously announced small quantity customer class action settlement (the "Settlement") and certain non-recurring litigation matters of \$2.38, a \$0.79 non-cash goodwill impairment charge in Latin America, and \$0.23 of Business Transformation related expenses, partially offset by favorable impact of \$1.52 from U.S. tax reform. Adjusted EPS of \$4.34, a decrease of 4.2%**

FULL-YEAR RESULTS

Revenues for the full-year 2017 were \$3.58 billion, an increase of 0.5% from \$3.56 billion last year. Acquisitions contributed \$32.2 million to revenues. Divestitures reduced revenues by \$21.6 million. On a constant currency basis, revenues increased 0.8% compared to last year. Organic revenues grew 0.6%, or 1.4% when adjusted for Manufacturing and Industrial Services. See Tables 1B-1C.

Gross profit was \$1.46 billion, a decrease of 1.6% from \$1.49 billion last year. Adjusted gross profit was \$1.46 billion, a decrease of 2.2% from \$1.50 billion last year. Gross profit and Adjusted gross profit as a percentage of revenues were 40.8% and 40.9%, respectively, compared to 41.7% and 42.0%, respectively, last year. See Unaudited Condensed Consolidated Statements of Income and Table 2-B.

EPS decreased 87.0% to \$0.27 from \$2.08 last year, due primarily to the impact of the previously announced Settlement and certain non-recurring litigation matters of \$2.38, a \$0.79 non-cash goodwill impairment charge in Latin America, and \$0.23 of Business Transformation related expenses, partially offset by favorable impact of \$1.52 from U.S. tax reform. Adjusted EPS decreased 4.2% to \$4.34 from \$4.53 last year. See Unaudited Condensed Consolidated Statements of Income and Table 2-B.

Cash flow from operations for the year ended 2017 was \$508.6 million, down 9.3% from \$560.8 million last year. For the year, the Company primarily allocated cash as follows: \$36.3 million in dividends to its preferred shareholders; \$34.2 million for preferred share repurchases; a \$256.3 million reduction in net debt; \$52.5 million for acquisitions; and \$143.0 million for capital expenditures.

“Our Business Transformation is expected to deliver significant financial benefits to Stericycle shareholders, including \$850 million to \$1 billion cumulative Adjusted EBITDA* benefit and Adjusted EBITDA* margin improvement at a compound annual growth rate of 5% to 9% between 2018 and 2022,” said Daniel V. Ginnetti, Executive Vice President and Chief Financial Officer. “We have made significant progress repaying our outstanding debt and continue to execute a disciplined capital deployment plan. In all, we believe the incremental benefits of the Business Transformation combined with our strong cash flow generation will provide the Company with numerous levers for additional value creation.”

U.S. CORPORATE TAX REFORM COMMENTARY

With the newly approved U.S. Tax Cuts and Jobs Act of 2017, the Company recorded a provisional amount of \$129.8 million as an income tax benefit in the fourth quarter of 2017. This provisional amount is based on a benefit of \$167.7 million for the expected reversal of certain deferred tax assets and liabilities in accordance with the corporate tax rate decrease from 35% to 21%, less a one-time transition tax of \$24.3 million on remitted foreign earnings and profits and \$13.6 million of expected foreign withholding taxes.

“The benefit of recently-enacted U.S. tax reform legislation will provide additional cash flow that we intend to utilize in support of our capital allocation priorities,” said Ginnetti.

* The Company is unable to forecast the comparable long-range U.S. GAAP financial measures without unreasonable effort due to the uncertainty and related unpredictability of non-recurring adjusted items exclusive of the Business Transformation investments referenced above.

FINANCIAL OUTLOOK

Stericycle today provided financial guidance for the full-year 2018, as summarized in the following table.

(In millions, except per share data)

U.S. GAAP results for the three months ended December 31, 2017 and 2016 include:

⁽¹⁾ Business Transformation

2017: Cost of revenues (“COR”) includes \$0.7 million for employee termination. Selling, general and administrative expenses (“SG&A”) include \$12.1 million of consulting and professional services, \$10.8 million for employee termination, \$2.4 million non-cash impairment of long-lived assets, and \$1.1 million of other related expenses.

2016: No Business Transformation initiatives.

⁽²⁾ Intangible Amortization

2017 and 2016: SG&A includes \$29.9 million and \$27.0 million, respectively, of intangible amortization expense from acquisitions.

⁽³⁾ Acquisition and Integration

2017: SG&A includes \$4.5 million acquisition expenses, \$4.0 million integration expenses, and a \$1.3 million favorable change in fair value of contingent consideration. During the fourth quarter of 2017, we made 6 acquisitions.

2016: SG&A includes \$1.8 million acquisition expenses and \$13.1 million integration expenses. During the fourth quarter of 2016, we made 9 acquisitions.

⁽⁴⁾ Operational Optimization

2017: COR includes \$0.4 million of charges related to facility rationalization in the U.K. SG&A includes \$8.8 million of charges related to facility rationalization in Japan, primarily non-cash impairment charges for long-lived assets and operating permits; \$6.9 million of charges, primarily in the U.S., to improve operational efficiency; \$1.9 million in non-cash impairment charges in the U.S. and Brazil; and \$0.7 million related to contract exit charges in the U.K.

2016: COR includes \$6.5 million of charges to exit certain of our patient transport services contracts in the U.K. SG&A includes \$7.3 million primarily for consulting and professional services to reduce operational redundancies in the U.S.

⁽⁵⁾ Divestitures

2017: SG&A includes a \$3.0 million gain on the sale of assets held for sale in South Africa, and a \$0.2 million change in fair value of assets held for sale in the U.K.

2016: SG&A includes a \$25.5 million charge on certain of our U.K. operations that were classified as assets held for sale, primarily non-cash impairment charges for customer relationships, operating permits, goodwill and long-lived assets, and a \$1.6 million loss from sale of certain assets in the U.K.

⁽⁶⁾ Litigation, Settlements, and Regulatory Compliance

2017 and 2016: SG&A includes \$22.7 million and \$1.8 million, respectively, in regulatory compliance, consulting and professional services, primarily related to certain non-recurring litigation matters.

⁽⁷⁾ Capital Allocation

2017 and 2016 includes dividends on our Series A mandatory convertible preferred stock of \$8.8 million and \$9.6 million, respectively.

For the purpose of calculating the ultimate EPS impact of our mandatory convertible preferred stock, we show the impact by excluding the mandatory convertible preferred stock dividend and using the "if-converted" method of share dilution. This provides insight to how our diluted share count will be affected after these preferred shares are converted to common shares.

The impact of excluding the preferred stock dividend from Adjusted Diluted EPS is \$0.10 and \$0.11 for the fourth quarter 2017 and 2016, respectively. The increase in diluted shares outstanding under the "if-converted" method is 5.0 million and 5.4 million for the fourth quarter 2017 and 2016, respectively.

The impact of all adjusted items under the "if-converted" method to our Adjusted Diluted EPS has a dilutive effect of \$0.05 and \$0.06 for the fourth quarter 2017 and 2016, respectively.

⁽⁸⁾ Impairment

2017: SG&A includes a \$65.0 million non-cash goodwill impairment charge in Latin America.

2016: SG&A includes a \$1.4 million non-cash operating permit impairment charge in Japan.

⁽⁹⁾ Other

2017: SG&A includes \$7.5 million of consulting and professional services related to the implementation of the new revenue recognition and lease accounting standards as well as internal control remediation activities.

2016: SG&A includes \$8.8 million of consulting and professional services related to internal control remediation activities and implementation of the new revenue recognition standard. Other expense, net includes a \$2.5 million non-cash impairment charge.

⁽¹⁰⁾ U.S. Tax Reform

2017 includes tax benefit of \$129.8 million from the provisional recording of the impact of U.S. tax reform.

^(a) The Non-GAAP financial measures contained in this press release are reconciled to the most comparable measures calculated in accordance with U.S. GAAP in the schedules attached to this release. Management believes the Non-GAAP financial measures represent the amounts directly related to the ongoing operations of the business and uses these measures in evaluating performance. All Non-GAAP financial measures are intended to supplement the applicable U.S. GAAP measures and should not be considered in isolation from, or a replacement for, financial measures prepared in accordance with U.S. GAAP and may not be comparable to, or calculated in the same manner as Non-GAAP financial measures published by other companies.

^(b) Adjusted Earnings Before Interest, Tax and Amortization (Adjusted EBITA) is Income from operations excluding specified items, inclusive of Intangible Amortization.

^(c) Under the Net Income Attributable to Common Shareholder column, adjustments are shown net of tax in aggregate of \$46.5 million and \$28.9 million for the three months ended December 31, 2017 and 2016, respectively, based on applying either the statutory tax rate for the jurisdictions in which the adjustment occurred or, by adjusting the tax effect to consider the impact of applying an annual effective tax rate on an interim basis.
