Stericycle, Inc. Reports Results for the Second Quarter 2018

Announces On-going Process to Pursue Strategic Alternatives for Communication and Related Services

LAKE FOREST, Ill., August 2, 2018 - Stericycle, Inc. (Nasdaq: SRCL) today reported results for the second quarter 2018.

SECOND-QUARTER HIGHLIGHTS COMPARED TO PRIOR YEAR:

- Revenues of \$883.3 million, a decrease of 3.7%, driven by the expected decline in the small quantity ("SQ") medical waste business combined with softness in Communication and Related Services ("CRS") and divestitures, partially offset by growth in Secure Information Destruction and other core service offerings
- Gross profit of \$353.3 million, a decrease of 7.4%, given the expected impact of pricing of SQ medical waste customers and the softness in CRS
- Diluted earnings per share ("EPS") of \$0.31, an increase of 117.8%, primarily due to the SQ customer class action settlement recorded in the prior year; adjusted diluted earnings per share ("Adjusted EPS") of \$1.17, an increase of 1.7%, which includes the favorable impact of a lower tax rate under U.S. tax reform
- Business Transformation initiatives remain on track and resulted in an additional \$7.9 million in Adjusted EBITDA benefit in the quarter; Portfolio Rationalization efforts are ongoing, resulting in the divestiture of two non-core

assets and a process to pursue strategic alternatives for the non-core Communication and Related Services

SECOND-QUARTER RESULTS

Revenues for the quarter ended June 30, 2018 were \$883.3 million, a decrease of 3.7% from \$917.7 million in the second quarter of last year. Acquisitions contributed \$8.1 million to revenues. Divestitures reduced revenues by \$13.4 million. Foreign currency had nominal impact in comparison to the prior year quarter. Organic revenues decreased 3.2%, or decreased 4.0% when adjusted for Manufacturing and Industrial Services. The decline in organic revenues was driven by the expected decline in the SQ medical waste business combined with softness in CRS. These were partially offset by growth in Secure Information Destruction. See Tables 1-A and 1-C.

“Our second quarter results demonstrate the underlying strength of our core businesses and reflect the early benefits of our Business Transformation and its overall value to the Company,” said Charles A. Alutto, President and Chief Executive Officer. “Our core businesses performed well with Regulated Waste and Compliance Services meeting expectations and higher paper prices contributing to the performance of Secure Information Destruction. We delivered Adjusted EBITDA and Adjusted EPS within guidance by effectively controlling our expenses, offsetting weaker CRS results. Our team remains focused on the Business Transformation, and we are on track to achieve our goals for the year.”

Gross profit was \$353.3 million, a decrease of 7.4% from \$381.7 million in the second quarter of last year. Gross profit as a percentage of revenues was 40.0% compared to 41.6% in the second quarter of last year, given the expected impact of pricing of SQ medical waste customers and softness in CRS. See Unaudited Condensed Consolidated Statements of Income (Loss).

Diluted EPS increased 117.8% to \$0.31 from a loss per share of \$1.74 in the second quarter of last year, due primarily to the SQ customer class action settlement recorded in the prior year. Adjusted EPS increased 1.7% to \$1.17 from \$1.15 in the second quarter of last year, as a result of the favorable impact of a lower tax rate under U.S. tax reform. See Unaudited Condensed Consolidated Statements of Income (Loss) and Table 2-A.

Cash flow from operations for the six months ended June 30, 2018, inclusive of Business Transformation charges, was \$231.0 million, down 3.3% from \$238.9 million in the same period last year. The Company primarily allocated cash from operations as follows: \$120.3 million for reduction in debt; \$64.0 million for capital expenditures; \$29.0 million for acquisitions; \$17.1 million in dividends to preferred shareholders and \$14.8 million for preferred share repurchases.

BUSINESS TRANSFORMATION

During the second quarter, Stericycle continued to execute its Business Transformation to improve long-term operational and financial performance. The Company realized an additional \$7.9 million in Adjusted EBITDA benefit from second quarter Business Transformation initiatives, the majority of which are expected to recur. Year-to-date, Stericycle has realized Adjusted EBITDA benefits from Business Transformation initiatives of \$23.9 million with an anticipated 2018 benefit of \$50.0 million. The Company remains on track to achieve targeted annual Adjusted EBITDA benefit of \$60-\$65 million.

The Company incurred \$21.8 million in Business Transformation operational expenses during the second quarter. Operational expenses year-to-date totaled \$43.9 million against anticipated expenses of \$95-\$105 million for 2018. Capital expenditures for the Business Transformation totaled \$3.3 million in the quarter and \$3.7 million year-to-date.

As part of the Portfolio Rationalization strategy within Business Transformation, Stericycle announced today that it is pursuing strategic alternatives for the non-core Communication and Related Services, demonstrating the Company's commitment to streamline the portfolio. The process, which is being conducted with the assistance of financial and legal advisers, is considering a range of strategic alternatives for CRS, including a divestiture, with a focus on pursuing the outcome that will drive the most value for Stericycle shareholders. There can be no assurances as to the form or timing of any transaction or if any transaction will be consummated.

Executing on its Portfolio Rationalization strategy, Stericycle completed the divestiture of its remaining hazardous waste business in the United Kingdom during the second quarter and signed

an agreement to divest its non-core clean room services in the United States, which closed on August 1, 2018.

FINANCIAL GUIDANCE

Stericycle today updated its financial guidance for the full-year 2018, as summarized in the following table:

<u>(In millions, except per share data)</u>	
Revenues	\$3,450 - \$3,540

^(a) Adjusted Earnings Before Interest, Tax, Depreciation and Amortization (Adjusted EBITDA) is Income from operations excluding certain specified items, Depreciation and Intangible Amortization.

^(b) See reconciliation on Table 3.

The Company's guidance is based on currently known items and certain business assumptions including EPS of \$0.17 from the repurchase of preferred shares and using foreign exchange rates as of the end of June 2018. The guidance also includes acquisitions, divestitures and charges for non-recurring litigation matters through the most recent period presented, but does not include amounts related to future acquisitions, divestitures or non-recurring litigation matters as the Company is not able to forecast these items without unreasonable effort. The guidance presented includes the

\$295.0 million payment made on July 6, 2018 related to the previously disclosed settlement of the SQ medical waste customer class action lawsuit. See Table 3.

SAFE HARBOR STATEMENT

This document may contain forward-looking statements that involve risks and uncertainties, some of which are beyond our control (for example, general economic and market conditions). Our actual results could differ significantly from the results described here. Factors that could cause such differences include changes in governmental regulation of the collection, transportation, treatment and disposal of regulated waste or the proper handling and protection of personal and confidential information, the level of government enforcement of regulations governing regulated waste collection and treatment or the proper handling and protection of personal and confidential information, decreases in the volume of regulated wastes or personal and confidential information we collect from customers, our ability to execute on our Business Transformation initiatives and achieve the anticipated benefits and cost savings, our failure to consummate a strategic alternative transaction with respect to Communication and Related Services, potential charges related to a strategic alternative transaction with respect to Communication and Related Services, or the failure of any such transaction to achieve our desired results, our obligations to service our substantial indebtedness and comply with the covenants and restrictions contained in our private placement notes and our credit agreement, political, economic, inflationary, currency and other risks related to our foreign operations, the outcome of pending or future litigation including litigation with respect to the U.S. Foreign Corrupt Practices Act, changing market conditions in the healthcare industry, competition and demand for services in the regulated waste and secure information destruction industries, our failure to maintain an effective system of internal control over financial reporting, disruptions in or attacks on our information technology systems, changes in the demand and price for recycled paper, charges related to our portfolio rationalization strategy or the failure of our portfolio optimization strategy to achieve the desired results, as well as other factors described in our filings with the U.S. Securities and Exchange Commission, including our most recently filed Annual Report on Form 10-K and subsequent Forms 10-Q. As a result, past financial performance should not be considered a reliable indicator of future performance, and investors should not use historical trends to anticipate future results or trends. To the extent permitted under applicable law, we make no commitment to disclose any subsequent revisions to forward-looking statements.

(a) The comparisons at constant currency rates (foreign exchange) reflect comparative local currency balances at prior period's foreign exchange rates. Stericycle calculated these percentages by taking current period reported Revenues less the respective prior period reported Revenues, divided by the prior period reported Revenues, all at the respective prior period's foreign exchange rates. This measure provides information on the change in Revenues assuming that foreign currency exchange rates have not changed between the prior and the current period. Management believes the use of this measure aids in the understanding of changes in Revenues without the impact of foreign currency.

(b) Manufacturing and Industrial Services ("M&I") is a customer subset prevalent in our Environmental Solutions business as well as some international markets. M&I has historically experienced greater volatility in Revenues from period-to-period due to more pervasive market movements in customer industrial sectors such as oil and energy and the nature and timing of customer project work. As a result, management believes it is meaningful to present Revenues with and without M&I Revenues as this aids in the understanding of changes in Revenues without the impact of a more volatile aspect of the business.

We believe these measures provide greater transparency into Stericycle's Revenues and related results of operations. Management uses these measures internally to monitor business unit performance and in evaluating management performance. These measures are intended to supplement the applicable U.S. GAAP measures and should not be considered in isolation from or a replacement for, financial measures prepared in accordance with U.S. GAAP.

U.S. GAAP results for the three months ended June 30, 2018 and 2017 include:

(1) Business Transformation

2018: Selling, general and administrative expenses ("SG&A") include \$15.6 million of consulting and professional services, \$3.0 million of Transformation Management Office charges for internal resources and project related incentive compensation, \$1.6 million related to employee severance, and \$1.6 million of other related expenses.

2017: No Business Transformation initiatives during the second quarter of 2017.

(2) Intangible Amortization

2018 and 2017: SG&A includes \$32.9 million and \$29.5 million, respectively, of intangible amortization expense from acquisitions.

(3) Acquisition and Integration

2018: SG&A includes \$2.4 million of acquisition expenses, offset by net other integration expenses of \$0.5 million, and a \$0.1 million favorable change in fair value of contingent consideration. During the second quarter of 2018, we completed 6 acquisitions.

2017: SG&A includes \$1.9 million of acquisition expenses and \$9.3 million of integration expenses mostly related to acquisitions completed in the U.S. During the second quarter of 2017, we made 6 acquisitions.

(4) Operational Optimization

2018: SG&A includes \$3.0 million of charges in the U.S., of which \$1.1 million represents costs related to the closure/consolidation of call centers in Domestic Communication and Related Services, \$1.0 million relates to a non-cash impairment charges for long-lived assets, and \$0.9 million relates to charges to improve operational efficiency such as optimizing overall logistics and sales functions primarily for Secure Information Destruction locations; \$4.0 million of international charges, of which \$1.8 million represents non-cash impairment charges for long-lived assets and rationalization of tradename and \$2.2 million relates to closure costs.

2017: SG&A includes \$13.0 million of charges in the U.S., of which \$10.4 million related to charges to improve operational efficiency such as optimizing overall logistics and sales functions primarily for Secure Information Destruction locations, \$1.7 million represents a non-cash impairment charge related to an operating permit, \$0.6 million represents lease exit costs related to the closure/consolidation of call centers in Domestic Communication and Related Services, and \$0.3 million related to employee terminations; \$0.1 million of charges to exit certain of our patient transport services contracts and plant conversion expense in the U.K.; and \$12.4 million in Latin America, of which \$7.4 million represents non-cash impairments charges for long-lived assets, operating permits and customer relationships, \$2.7 million represents closure and exit costs related to rationalization of our operations and environmental matters, \$2.0 million related to employee termination, and \$0.3 million related to consulting fees.

(5) Divestitures

2018: SG&A includes \$6.9 million of non-cash asset impairment charges arising from changes in the fair value of assets held for sale in the U.S., \$5.8 million of professional fees associated with our Portfolio Rationalization efforts in the U.S., and \$0.3 million of non-cash asset impairment charges arising from changes in the fair value of assets sold in the U.K.

2017: SG&A includes \$3.6 million of non-cash asset impairment charges arising from changes in the fair value of assets held for sale in the U.K.

(6) Litigation, Settlements, and Regulatory Compliance

2018: SG&A includes \$14.4 million in regulatory compliance, consulting and professional services, primarily related to certain non-recurring litigation matters and \$2.0 million in litigation accruals.

2017: SG&A includes \$295.0 million for the small quantity medical customer class action settlement and \$6.7 million was for regulatory compliance, consulting and professional services, primarily related to certain non-recurring litigation matters.

(7) Capital Allocation

2018 and 2017 includes dividends on our Series A mandatory convertible preferred stock of \$8.3 million and \$9.2 million, respectively.

For the purpose of calculating the ultimate EPS impact of our mandatory convertible preferred stock, we show the impact by excluding the mandatory convertible preferred stock dividend and using the "if-converted" method of share dilution. This provides insight to how our diluted share count will be affected after these preferred shares are converted to common shares in September 2018.

The impact of excluding the preferred stock dividend from Adjusted Diluted EPS is \$0.10 and \$0.11 for the second quarter 2018 and 2017, respectively. The increase in diluted shares outstanding under the "if-converted" method is 4.8 million and 5.2 million for the second quarter 2018 and 2017, respectively.

The impact of all adjusted items under the "if-converted" method to our Adjusted Diluted EPS has a dilutive effect of \$0.07 and \$0.07 for the second quarter 2018 and 2017, respectively.

(8) Other

2018 and 2017: SG&A includes \$2.9 million and \$3.9 million, respectively, of consulting and professional services related to the implementation of new accounting standards as well as internal control remediation activities.

(a) The Non-GAAP financial measures contained in this press release are reconciled to the most comparable measures calculated in accordance with U.S. GAAP in the schedules attached to this release. Management believes the Non-GAAP financial measures are useful measures of Stericycle's performance because they provide additional information about Stericycle's operations and exclude certain specified items, allowing better evaluation of underlying business performance and better period-to-period comparability. Additionally, the Company uses such Non-GAAP financial measures in evaluating business unit and management performance. All Non-GAAP financial measures are intended to supplement the applicable U.S. GAAP measures and should not be considered in isolation from, or a replacement for, financial measures prepared in accordance with U.S. GAAP and may not be comparable to, or calculated in the same manner as Non-GAAP financial measures published by other companies.

(b) Income (Loss) from Operations and Adjusted Income from Operations provide the basis for other financial measures.

(c) Under the Net Income (Loss) Attributable to Common Shareholders column, adjustments are shown net of tax in aggregate of \$24.6 million and \$132.2 million for the three months ended June 30, 2018 and 2017, respectively, based on applying either the statutory tax rate for the jurisdictions in which the adjustment occurred or, by adjusting the tax effect to consider the impact of applying an annual effective tax rate on an interim basis.
